SUMMARY ANALYSIS

The bill provides that the act may be cited as the "Sexual Predator Elimination Act".

The bill also provides that any person who has been designated a sexual predator who is convicted of an offense under ch. 794, F.S., upon a child under the age of 12 that is a capital, life or first degree felony and who was 18 or older at the time of the offense, must be sentenced to life in prison without the possibility of parole or eligibility for gain-time.

During the 2004 session, section 794.065, F.S., was created which makes it unlawful for a person convicted on or after October 1, 2004 (the effective date of the law) of a specified sexual battery or lewd or lascivious offense, against a victim under the age of 16 from living within 1,000 feet of a school, day care center, park or playground. In recent months, a large number of cities and counties throughout the state have passed local ordinances designed to restrict where people who have been convicted of a sexual offense can live. HB 251 amends section 794.065, F.S., to provide that no state law shall prevent a county or municipality from enacting an ordinance restricting the residence of sexual predators or sexual offenders within its jurisdiction as it deems appropriate to protect its citizens.

Currently, section 794.0115, F.S., requires a judge to impose a minimum of a 25 year sentence and a maximum of a life sentence upon an offender who is sentenced for a violation of one of an enumerated list of sexual offenses and who:

- Caused serious personal injury to the victim as a result of the commission of the offense;
- Used or threatened to use a deadly weapon during the commission of the offense;
- Victimized more than one person during the course of the criminal episode applicable to the offense;
- Committed such offense while under the jurisdiction of the court for a felony offense or;
- Has previously been convicted of a violation of one of the enumerated offenses.

The bill amends this section to require the imposition of a life sentence.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government: The bill increases criminal penalties for certain offenses.

Safeguard individual liberty: The bill provides that no state law shall prevent a county or municipality from enacting an ordinance restricting the residence of sexual predators or sexual offenders within its jurisdiction as it deems appropriate to protect its citizens.

Promote personal responsibility: The bill provides for increased sanctions for certain criminal offenses.

B. EFFECT OF PROPOSED CHANGES:

The bill provides that the act may be cited as the "Sexual Predator Elimination Act".

Sexual battery: Section 794.011, F.S., provides that a person 18 years of age or older who commits sexual battery upon, or attempts to commit sexual battery and injures the sexual organs of, a person less than 12 years of age commits a capital felony. This is commonly referred to as "capital sexual battery". A capital felony is punishable by a sentence of death or a sentence of life in prison.¹

However, the Florida Supreme Court has held that a sentence of death for the crime of "capital sexual battery" constitutes cruel and unusual punishment in violation of the Eighth Amendment.² As a result, the offense of capital sexual battery is punishable by a mandatory life sentence.³ A person who receives a life sentence must spend the rest of his or her life in prison and is not eligible for parole or any type of early release other than as a result of a pardon or the granting of clemency.⁴

The bill provides that any person who has been designated a sexual predator who is convicted of an offense under ch. 794, F.S., upon a child under the age of 12 that is a capital, life or first degree felony and who was 18 or older at the time of the offense must be sentenced to life in prison without the possibility of parole or eligibility for gain-time. [See DRAFTING ISSUES OR OTHER COMMENTS].

Unlawful place of residence for persons convicted of certain sex offenses: Before the 2004 legislative session, there was no statutory prohibition on where a sexual predator or sexual offender who was no longer on supervision could live.⁵ In other words, a sexual predator or sexual offender who was not on supervision could live wherever he or she wished but was required to report his or her residence to law enforcement. During the 2004 session, section 794.065, F.S., was created⁶ which makes it unlawful for a person convicted on or after October 1, 2004 (the effective date of the law) of a specified sexual battery or lewd or lascivious offense⁷, against a victim under the age of 16 from living within 1,000 feet of a school, day care center, park or playground. The offense is a third degree felony if the sexual offense for which the offender was previously convicted was classified as a first degree felony or

higher. The offense is a first degree misdemeanor if the sexual offense for which the offender was previously convicted was classified as a second or third degree felony.

In recent months, a large number of cities and counties throughout the state have passed local ordinances designed to restrict where people who have been convicted of a sexual offense can live. Generally, the ordinances appear to be modeled after section 794.065, F.S., but extend the distance from 1,000 feet to 2,500 feet. Many of the ordinances also prohibit an offender from living within 2,500 feet of places such as libraries, churches and bus stops that are not included in the state statute. By request of the staff of the Judiciary Committee, the Legislative Committee on Intergovernmental Relations surveyed 321 municipalities and all 67 counties to determine whether they had passed an ordinance restricting the residence of sexual offenders. As of October 17, 2005, of the 153 municipalities that responded, 50 municipalities indicated that they had passed ordinances and 14 had pending proposed ordinances. Of the 44 counties that responded, two had passed ordinances and 5 had pending proposed ordinances.

HB 251 amends section 794.065, F.S., to provide that no state law shall prevent a county or municipality from enacting an ordinance restricting the residence of sexual predators or sexual offenders within its jurisdiction as it deems appropriate to protect its citizens.

Dangerous sexual felony offender sentencing: Section 794.0115, F.S., is known as the "Dangerous Sexual Felony Offender Act". The section provides that if a person is convicted of sexual battery⁸, lewd or lascivious battery⁹, lewd or lascivious molestation¹⁰, sexual performance by a child¹¹, selling or buying a minor¹², lewd or lascivious offenses committed upon an elderly person or disabled adult¹³ or luring or enticing a child¹⁴ where the offender was 18 years of age or older and the person:

- o Caused serious personal injury to the victim as a result of the commission of the offense;
- o Used or threatened to use a deadly weapon during the commission of the offense;
- o Victimized more than one person during the course of the criminal episode applicable to the offense;
- o Committed such offense while under the jurisdiction of the court for a felony offense or;
- o Has previously been convicted of a violation of one of the above offenses;

the person must be sentenced as a "dangerous sexual felony offender" to a mandatory minimum term of 25 years imprisonment up to and including life imprisonment. The enhanced sentencing provision could be applied to offenders upon the commission of a first offense if the facts of the case met one of the first four criteria listed above.

HB 251 amends this section of statute to provide that a person who is sentenced as a dangerous sexual felony offender must be sentenced to a mandatory minimum term of life in prison without the possibility of parole or eligibility for gain time.

⁸ s. 794.011(2), (3), (4), (5) or (8), F.S.

⁹ s. 800.04(4), F.S. This section requires proof that the offender had engaged in sexual activity with a person 12 years of age or older but less than 16 years of age. "Sexual activity" means the oral, anal or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object. Consent is not a defense to this offense.

¹⁰ s. 800.04(5), F.S. This section requires proof that a person intentionally touched in a lewd or lascivious manner the breasts, genitals, genital area, or buttocks or the clothing covering them of a person less than 16 years of age or forced or enticed the victim to so touch the offender.

¹¹ s. 827.071(2), (3), (4), F.S. This section makes it unlawful for a person to employ a child less than 18 years of age to engage in sexual performance.

¹² s. 847.0145, F.S. This section requires proof that the a person sold or purchased a minor with knowledge that as a consequence of the transfer, the minor will be portrayed in a visual depiction engaging in sexually explicit conduct.

¹³ s. 825.1025. This section prohibits various lewd or lascivious offenses committed against a person over the age of 60 or against a disabled adult.

¹⁴ s. 787.025, F.S. This section makes it a third degree felony to lure or entice a child under the age of 12 into a structure, dwelling or conveyance for other than a lawful purpose.

C. SECTION DIRECTORY:

Section 1. Provides that the act may be cited as the "Sexual Predator Elimination Act".

Section 1. Amends s. 794.011, F.S., relating to sexual battery.

Section 3. Amends s. 794.0015, F.S., increase minimum mandatory sentence applicable to dangerous sexual felony offenders.

Section 4. Amends s. 794.065, F.S., to prohibit state law which would prevent a county or municipal ordinance restricting residence of sexual offenders or predators.

Section 5. Provides that amendments to ss. 794.011 and 794.0115, F.S., by the act shall apply to offenses committed on or after effective date of act.

Section 6. Provides that the act will take effect upon becoming law.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

Expenditures:

The Criminal Justice Impact Conference is charged with forecasting the five year prison bed impact of filed bills on the Department of Corrections. On February 28, 2006, the conference determined the bill would have an insignificant impact over the next five years but could have a long term prison bed impact.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

See above.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable because this bill does not appear to: require the counties or cities to spend funds or take an action requiring the expenditure of funds; reduce the authority that cities or counties have to

raise revenues in the aggregate; or reduce the percentage of a state tax shared with cities or counties.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

The bill provides that any person who has been designated a sexual predator who is convicted of an offense under ch. 794, F.S., upon a child under the age of 12 that is a capital, life or first degree felony and who was 18 or older at the time of the offense must be sentenced to life in prison without the possibility of parole or eligibility for gain-time. It is not clear how this provision changes current law. Under s. 794.011(2)(a), F.S., a person 18 years of age or older who commits sexual battery on a person under the age of 12 commits a capital felony. For this offense, a capital felony is punishable by a life sentence. A person who is sentenced to life in prison is ineligible for parole or gain time. The other life or first degree felony offenses that are currently in this section of statute apply to a victim over the age of 12 or an offender under the age of 18 and the language of the bill would not apply to these offenses.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

The Criminal Justice Committee adopted an amendment which removed a provision from the original bill relating to criminal history checks of contractual school personnel.

As filed, the bill prohibited a prosecutor who charges a person with capital sexual battery from presenting or entering into with the accused a plea bargain for a term of less than life in prison without the possibility of parole or eligibility for gain-time. The Criminal Justice Committee adopted an amendment which removed this provision from the bill.

CHAMBER ACTION

Testing of Inmates for HIV Infection in County and Municipal

Detention Facilities

SPONSOR(S): Richardson and others

SUMMARY ANALYSIS

County and municipal detention facilities are authorized to test inmates for infectious diseases in accordance with their written procedures, which are to be consistent with the guidelines of the Centers for Disease Control and Prevention and the recommendations of the Correctional Medical Authority. This authorization includes testing for the human immunodeficiency virus (HIV) under specific statutory circumstances and specified offenses. The results of these tests are confidential, exempt from public records, except to employees or officers of the sheriff or chief correctional officer who handle custody and care of the affected inmate and have a need to know such information, and to the victim of an inmate arrested for sexual offenses.

This bill allows a local government to adopt an additional program to require HIV testing of inmates in county and municipal detention facilities, irrespective of the crime committed. The bill would allow a county or municipally to require their detention facilities operating a testing program to perform an HIV test on each sentenced inmate no less than 30 days before the release date of the inmate unless the facility knows that the inmate is HIV positive or unless, within 120 days before the release date, the inmate has been tested for HIV and does not request retesting. This bill also requires a county or municipal jail to notify the Department of Health and the county health department upon release of prisoner who is known to be HIV positive, and requires the jail to provide such prisoners special transitional assistance. The bill provides for immunity of complying entities for negligently causing death or personal injury while complying with the program.

This bill also provides that any HIV testing of a county jail prisoner may be conducted without the prisoner's consent.

This bill would take effect July 1, 2006.

The fiscal impact of this bill on state and local governments is uncertain.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government → This bill gives local governments the option to require their facilities to conduct HIV testing on a wider population of inmates. In addition to testing, detention facilities would have to provide transitional assistance to infected inmates.

Safeguard individual liberty → This bill requires persons to submit to an invasive medical test.

Promote personal responsibility → This bill requires persons to submit to an invasive medical test, the result of which may entitle them to receive medical services provided at government expense. This bill does not require the beneficiaries of the legislation to pay any portion of the cost of implementation.

B. EFFECT OF PROPOSED CHANGES:

The prevalence of HIV/AIDS in prisons exceeds its prevalence in the general population. A reason for the high rate of HIV infection in correctional institutions is the high-risk behaviors of inmates prior to and while being incarcerated. Not only do inmates engage in more of these behaviors, they also engage in them more frequently than members of the general population.¹ Examples of such behaviors include anal intercourse, tattooing, a history of multiple sexual partners, a history of multiple sexually transmitted diseases, and poor physical and/or mental health. Research has shown that female inmates are more likely to be infected with HIV/AIDS than male inmates. The elevated risk of women for HIV infection can be explained by certain pre-incarceration behaviors, including high rates of economic dependency, injection drug use, and prostitution.

Since July 1, 2002, the Department of Corrections has been required to test all inmates for HIV within the 60 days prior to release.² If the inmate is found to be HIV-positive, the department is required to:

- Notify the Department of Health and the county health department in the county that the inmate intends to reside in.
- Provide counseling and transition assistance related to HIV.
- Provide a 30 day supply of HIV/AIDS related medicine.³

Section 951.27, F.S., requires county and municipal detention facilities to have a written procedure, consistent with guidelines of the Centers for Disease Control and Prevention and recommendations of the Correctional Medical Authority,⁴ developed in consultation with the facility medical provider, establishing conditions under which an inmate will be tested for infectious disease. Under this statute, county and municipal detention facilities may test for HIV under the provisions of s. 775.0877, F.S. Section 775.0877, F.S., requires HIV testing of anyone who was convicted of, or pled nolo contendere or guilty to, committing or attempting to commit offenses involving the transmission of bodily fluid and delineated in the section. The person receiving the test results may divulge the test results to the sheriff or chief correctional officer. Such test results are confidential and exempt from public records laws.

Effect of Bill

This bill amends s. 951.27, F.S., to provide that a local government may institute a program to test that government's prisoners for HIV prior to release, irrespective of the crime convicted of. This is establishing a program similar to the requirement related to state prisoners.

A county or municipal detention facility that lies within the authority of any county or municipality that elects to institute a testing program authorized by this bill must, consistent with s. 381.004(3), F.S.,⁵ perform an HIV test on each sentenced inmate who is to be released from the facility unless the facility knows that the inmate is HIV positive or unless, within 120 days before the release date, the inmate has been tested for HIV and does not request retesting. The required test must be performed not less than 30 days before the release date of the inmate.

An HIV test is not required if a prisoner is released due to an emergency or a court order and the detention facility receives less than 30 days' notice of the release date, or if the inmate is transferred to the custody of the Department of Corrections for incarceration in the state correctional system.

Because the testing must be within 30 days prior to release, it is likely that counties will forgo testing until the release date is known. Most prisoners in county jails are released pursuant to court order on less than 30 days notice⁶, and many are held until they are transferred to the Department of Corrections. The net result is that only persons sentenced to more than 30 additional days in county jail, and less than one year total for the offense, will be required to undergo testing.

If the county or municipal detention facility knows that a prisoner who is to be released from the facility is HIV positive or has received a positive HIV test result, the facility must, before the inmate is released:

- Notify the Department of Health and the county health department where the inmate being released plans to reside of the release date and HIV status of the inmate.
- Provide special transitional assistance to the prisoner, which must include: education on preventing the transmission of HIV to others; the importance of receiving follow-up medical care and treatment; and a written, individualized discharge plan that includes referrals to and contacts with the county health department and local primary medical care services for the treatment of HIV infection that are available where the inmate plans to reside. The prisoner must also be given a copy of his or her medical records from the jail.

This bill amends the current public records exemption for HIV tests conducted by local jails to include the HIV tests created by this bill.

This bill also provides that: "notwithstanding any statute providing for a waiver of sovereign immunity, the state, its agencies, or subdivisions, and employees of the state, its agencies, or subdivisions are not liable to any person for negligently causing death or personal injury arising out of complying with this section."

This bill also amends s. 381.004(3), F.S., to add the HIV tests done under s. 951.27, F.S., to the list of HIV tests that an individual may be compelled to submit to. Though referring to s. 951.27, F.S., as a whole, HIV testing pursuant to s. 951.27(1), F.S., does not require consent since it is conducted pursuant to s. 775.0877, F.S., which already requires mandatory testing. This bill provides an independent basis for unconsensual HIV testing under s. 951.27(1), F.S., and then provides that testing of all sentenced inmates pursuant to this bill may also be done without consent.

C. SECTION DIRECTORY:

Section 1. Amends s. 951.27, F.S., providing for HIV testing of certain county jail prisoners; amending the applicable public records exemption; requiring transitional assistance; providing immunity.

⁵ Section 381.004, F.S., provides procedures for HIV testing, confidentiality, and referral to services.

⁶ This appears to include prisoners granted pretrial release. This also appears to include those convicted of an offense who receive the common sentence of "time served", which allows the prisoner to be released that day.

Section 2. Amends s. 381.004, F.S., providing that the testing required in Section 1 of the bill may be performed without the consent of the person being tested.

Section 3. This act takes effect July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

None.

2. Expenditures:

See "Fiscal Comments."

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

Estimated expenditures are unknown, but are a local option. The Department of Health (DOH) states in its analysis that counties will incur the costs of testing inmates and providing transitional assistance for those who test positive. DOH listed four different HIV tests, the least expensive being the ELISA test which costs \$12.07. DOH stated that if 120,000 inmates are tested annually, the cost of the ELISA test would be approximately \$1,448,400.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

It is unknown how many individuals might be tested as a result of this bill. Testing is not required for a prisoner released on less than 30 days notice, so persons arrested and then released on bond will not be tested. This group is the majority of individuals released from local jails. Also not tested are prisoners transferred to the Department of Corrections, which would be felony offenders sentenced to a term in excess of one year.

It appears that the only group that will be tested are prisoners serving more than 30 days of a county jail sentence beyond the sentencing date, in a county or municipality that elects to create and fund the program. This group will include not only misdemeanor offenders, but felony offenders sentenced to a term of less than one year (who by law are incarcerated in county jail). In 2004, there were 25,050 felony offenders sentenced to a term in county jail. It is unknown how many misdemeanor offenders were sentenced to a term in jail longer than 30 days after the date of sentencing.

In 2002, the Department of Corrections estimated the cost of a very similar requirement to be \$34.81 per inmate tested.⁷ This cost includes basic testing of all, advanced testing for those few whose preliminary test is positive, and pre-release counseling for those known to be infected with HIV.

⁷ See Bill Analysis to HB 1289, from the 2002 session.

In its 2006 bill analysis, DOH stated that approximately 600,000 individuals are released from county jails each year. Recognizing that a majority of those individuals would not be required to be tested under the provisions of the bill, DOH used the figure 120,000⁸ and stated that if 120,000 individuals were tested pursuant to the bill's provisions, approximately 2.1% would be HIV positive.⁹ This translates into approximately 2,520 HIV positive inmates per year. DOH reports that health care costs for an HIV positive patient are approximately \$18,000 annually.¹⁰ If half of the 2,520 HIV positive inmates continued treatment, DOH estimates that the cost would be approximately \$22,680,000 per year.¹¹

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

Not applicable because this bill does not appear to: require the counties or cities to spend funds or take action requiring the expenditure of funds; reduce the authority that cities or counties have to raise revenues in the aggregate; or reduce the percentage of a state tax shared with cities or counties.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

None.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

IV. AMENDMENTS/COMMITTEE SUBSTITUTE & COMBINED BILL CHANGES

On March 8, 2006, the Criminal Justice Committee adopted two amendments to the bill and reported the bill favorably with committee substitute. The first amendment clarifies that HIV testing is limited to *sentenced* offenders (rather than those unable to make bail, those awaiting their first appearance hearing, etc...). The second amendment specifies that counties electing to participate in the HIV testing program must comply with the requirements of the bill.

⁸ It is unclear how DOH arrived at the 120,000 figure.

CHAMBER ACTION

The Criminal Justice Committee recommends the following:

Council/Committee Substitute

Remove the entire bill and insert:

A bill to be entitled

An act relating to the testing of inmates for HIV infection in county and municipal detention facilities; amending s. 951.27, F.S.; authorizing counties and municipalities to participate in a program to test each sentenced inmate for HIV before the inmate is released if the inmate's HIV status is unknown; providing certain exceptions; requiring that certain county and municipal detention facilities notify the Department of Health and the county health department in the county where the inmate plans to reside following release if the inmate is HIV positive; requiring certain detention facilities to provide special transitional assistance to an inmate who is HIV positive; providing for immunity for complying entities; amending s. 381.004, F.S.; providing that informed consent is not required for an HIV test of an inmate before the inmate's release from a municipal or county detention facility; providing an effective date.

HB 463

2006
CS

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 951.27, Florida Statutes, is amended to read:

951.27 Blood tests of inmates.--

(1) Each county and each municipal detention facility shall have a written procedure developed, in consultation with the facility medical provider, establishing conditions under which an inmate will be tested for infectious disease, including human immunodeficiency virus pursuant to s. 775.0877, which procedure is consistent with guidelines of the Centers for Disease Control and Prevention and recommendations of the Correctional Medical Authority. It is not unlawful for the person receiving the test results to divulge the test results to the sheriff or chief correctional officer.

(2)(a) Each county or municipality has the local option, if authorized by a majority of the respective county's or municipality's governing body, to participate in the testing program provided in this subsection. The county or municipal detention facility that lies within the authority of any participating county or municipality shall, consistent with s. 381.004(3), perform an HIV test as defined in s. 381.004(2) on each sentenced inmate who is to be released from the facility unless the facility knows that the inmate is HIV positive or unless, within 120 days before the release date, the inmate has been tested for HIV and does not request retesting. The required test must be performed not less than 30 days before the release date of the inmate. A test is not required under this paragraph

HB 463

2006
CS

52 if an inmate is released due to an emergency or a court order
53 and the detention facility receives less than 30 days' notice of
54 the release date or if the inmate is transferred to the custody
55 of the Department of Corrections for incarceration in the state
56 correctional system.

57 (b) Each county or municipal detention facility that
58 elects to participate in the testing program authorized in
59 paragraph (a) must comply with the requirements of this
60 paragraph. If the county or municipal detention facility knows
61 that an inmate who is to be released from the facility is HIV
62 positive or has received a positive HIV test result, that
63 facility shall, before the inmate is released:

64 1. Notify, consistent with s. 381.004(3), the Department
65 of Health and the county health department in the county where
66 the inmate being released plans to reside of the release date
67 and HIV status of the inmate.

68 2. Provide special transitional assistance to the inmate,
69 which must include:

70 a. Education on preventing the transmission of HIV to
71 others and on the importance of receiving followup medical care
72 and treatment.

73 b. A written, individualized discharge plan that includes
74 records of all laboratory and diagnostic test results,
75 medication and treatment information, and referrals to and
76 contacts with the county health department and local primary
77 medical care services for the treatment of HIV infection which
78 are available in the area where the inmate plans to reside.

HB 463

79 (3)~~(2)~~ Except as otherwise provided in this subsection,
80 serologic blood test results obtained pursuant to subsection (1)
81 or subsection (2) are confidential and exempt from the
82 provisions of s. 119.07(1) and s. 24(a), Art. I of the State
83 Constitution. However, such results may be provided to employees
84 or officers of the sheriff or chief correctional officer who are
85 responsible for the custody and care of the affected inmate and
86 have a need to know such information, and as provided in ss.
87 381.004(3), 775.0877, and 960.003. In addition, upon request of
88 the victim or the victim's legal guardian, or the parent or
89 legal guardian of the victim if the victim is a minor, the
90 results of any HIV test performed on an inmate who has been
91 arrested for any sexual offense involving oral, anal, or vaginal
92 penetration by, or union with, the sexual organ of another,
93 shall be disclosed to the victim or the victim's legal guardian,
94 or to the parent or legal guardian of the victim if the victim
95 is a minor. In such cases, the county or municipal detention
96 facility shall furnish the test results to the Department of
97 Health, which is responsible for disclosing the results to
98 public health agencies as provided in s. 775.0877 and to the
99 victim or the victim's legal guardian, or the parent or legal
100 guardian of the victim if the victim is a minor, as provided in
101 s. 960.003(3).

102 (4)~~(3)~~ The results of any serologic blood test on an
103 inmate are a part of that inmate's permanent medical file. Upon
104 transfer of the inmate to any other correctional facility, such
105 file is also transferred, and all relevant authorized persons

HB 463

2006
CS

must be notified of positive HIV test results, as required in s.
775.0877.

(5) Notwithstanding any statute providing for a waiver of
sovereign immunity, the state, its agencies, or subdivisions,
and employees of the state, its agencies, or subdivisions, are
not liable to any person for negligently causing death or
personal injury arising out of complying with this section.

Section 2. Subsection (3) of section 381.004, Florida
Statutes, is amended to read:

381.004 HIV testing.--

(3) ~~HUMAN IMMUNODEFICIENCY VIRUS TESTING; INFORMED
CONSENT; RESULTS; COUNSELING; CONFIDENTIALITY.~~--

(a) No person in this state shall order a test designed to
identify the human immunodeficiency virus, or its antigen or
antibody, without first obtaining the informed consent of the
person upon whom the test is being performed, except as
specified in paragraph (h). Informed consent shall be preceded
by an explanation of the right to confidential treatment of
information identifying the subject of the test and the results
of the test to the extent provided by law. Information shall
also be provided on the fact that a positive HIV test result
will be reported to the county health department with sufficient
information to identify the test subject and on the availability
and location of sites at which anonymous testing is performed.
As required in paragraph (4)(c), each county health department
shall maintain a list of sites at which anonymous testing is
performed, including the locations, phone numbers, and hours of
operation of the sites. Consent need not be in writing provided

HB 463

2006
CS

there is documentation in the medical record that the test has been explained and the consent has been obtained.

(b) Except as provided in paragraph (h), informed consent must be obtained from a legal guardian or other person authorized by law when the person:

1. Is not competent, is incapacitated, or is otherwise unable to make an informed judgment; or

2. Has not reached the age of majority, except as provided in s. 384.30.

(c) The person ordering the test or that person's designee shall ensure that all reasonable efforts are made to notify the test subject of his or her test result. Notification of a person with a positive test result shall include information on the availability of appropriate medical and support services, on the importance of notifying partners who may have been exposed, and on preventing transmission of HIV. Notification of a person with a negative test result shall include, as appropriate, information on preventing the transmission of HIV. When testing occurs in a hospital emergency department, detention facility, or other facility and the test subject has been released before being notified of positive test results, informing the county health department for that department to notify the test subject fulfills this responsibility.

(d) A positive preliminary test result may not be revealed to any person except in the following situations:

1. Preliminary test results may be released to licensed physicians or the medical or nonmedical personnel subject to the

HB 463

2006
CS

significant exposure for purposes of subparagraphs (h)10., 11., and 12.

2. Preliminary test results may be released to health care providers and to the person tested when decisions about medical care or treatment of, or recommendation to, the person tested and, in the case of an intrapartum or postpartum woman, when care, treatment, or recommendations regarding her newborn, cannot await the results of confirmatory testing. Positive preliminary HIV test results may not be characterized to the patient as a diagnosis of HIV infection. Justification for the use of preliminary test results must be documented in the medical record by the health care provider who ordered the test.

3. The results of rapid testing technologies shall be considered preliminary and may be released in accordance with the manufacturer's instructions as approved by the federal Food and Drug Administration.

4. Corroborating or confirmatory testing must be conducted as followup to a positive preliminary test. Results shall be communicated to the patient according to statute regardless of the outcome. Except as provided in this section, test results are confidential and exempt from the provisions of s. 119.07(1).

(e) Except as provided in this section, the identity of any person upon whom a test has been performed and test results are confidential and exempt from the provisions of s. 119.07(1). No person who has obtained or has knowledge of a test result pursuant to this section may disclose or be compelled to disclose the identity of any person upon whom a test is performed, or the results of such a test in a manner which

HB 463

2006
CS

189 permits identification of the subject of the test, except to the
190 following persons:

191 1. The subject of the test or the subject's legally
192 authorized representative.

193 2. Any person, including third-party payors, designated in
194 a legally effective release of the test results executed prior
195 to or after the test by the subject of the test or the subject's
196 legally authorized representative. The test subject may in
197 writing authorize the disclosure of the test subject's HIV test
198 results to third party payors, who need not be specifically
199 identified, and to other persons to whom the test subject
200 subsequently issues a general release of medical information. A
201 general release without such prior written authorization is not
202 sufficient to release HIV test results.

203 3. An authorized agent or employee of a health facility or
204 health care provider if the health facility or health care
205 provider itself is authorized to obtain the test results, the
206 agent or employee participates in the administration or
207 provision of patient care or handles or processes specimens of
208 body fluids or tissues, and the agent or employee has a need to
209 know such information. The department shall adopt a rule
210 defining which persons have a need to know pursuant to this
211 subparagraph.

212 4. Health care providers consulting between themselves or
213 with health care facilities to determine diagnosis and
214 treatment. For purposes of this subparagraph, health care
215 providers shall include licensed health care professionals
216 employed by or associated with state, county, or municipal

detention facilities when such health care professionals are acting exclusively for the purpose of providing diagnoses or treatment of persons in the custody of such facilities.

5. The department, in accordance with rules for reporting and controlling the spread of disease, as otherwise provided by state law.

6. A health facility or health care provider which procures, processes, distributes, or uses:

a. A human body part from a deceased person, with respect to medical information regarding that person; or

b. Semen provided prior to July 6, 1988, for the purpose of artificial insemination.

7. Health facility staff committees, for the purposes of conducting program monitoring, program evaluation, or service reviews pursuant to chapters 395 and 766.

8. Authorized medical or epidemiological researchers who may not further disclose any identifying characteristics or information.

9. A person allowed access by a court order which is issued in compliance with the following provisions:

a. No court of this state shall issue such order unless the court finds that the person seeking the test results has demonstrated a compelling need for the test results which cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for disclosure against the privacy interest of the test subject and the public interest which may be disserved by disclosure which deters blood, organ, and semen donation and future human immunodeficiency virus-

245 related testing or which may lead to discrimination. This
246 paragraph shall not apply to blood bank donor records.

247 b. Pleadings pertaining to disclosure of test results
248 shall substitute a pseudonym for the true name of the subject of
249 the test. The disclosure to the parties of the subject's true
250 name shall be communicated confidentially in documents not filed
251 with the court.

252 c. Before granting any such order, the court shall provide
253 the individual whose test result is in question with notice and
254 a reasonable opportunity to participate in the proceedings if he
255 or she is not already a party.

256 d. Court proceedings as to disclosure of test results
257 shall be conducted in camera, unless the subject of the test
258 agrees to a hearing in open court or unless the court determines
259 that a public hearing is necessary to the public interest and
260 the proper administration of justice.

261 e. Upon the issuance of an order to disclose test results,
262 the court shall impose appropriate safeguards against
263 unauthorized disclosure which shall specify the persons who may
264 have access to the information, the purposes for which the
265 information shall be used, and appropriate prohibitions on
266 future disclosure.

267 10. A person allowed access by order of a judge of
268 compensation claims of the Division of Administrative Hearings.
269 A judge of compensation claims shall not issue such order unless
270 he or she finds that the person seeking the test results has
271 demonstrated a compelling need for the test results which cannot
272 be accommodated by other means.

273 11. Those employees of the department or of child-placing
274 or child-caring agencies or of family foster homes, licensed
275 pursuant to s. 409.175, who are directly involved in the
276 placement, care, control, or custody of such test subject and
277 who have a need to know such information; adoptive parents of
278 such test subject; or any adult custodian, any adult relative,
279 or any person responsible for the child's welfare, if the test
280 subject was not tested under subparagraph (b)2. and if a
281 reasonable attempt has been made to locate and inform the legal
282 guardian of a test result. The department shall adopt a rule to
283 implement this subparagraph.

284 12. Those employees of residential facilities or of
285 community-based care programs that care for developmentally
286 disabled persons, pursuant to chapter 393, who are directly
287 involved in the care, control, or custody of such test subject
288 and who have a need to know such information.

289 13. A health care provider involved in the delivery of a
290 child can note the mother's HIV test results in the child's
291 medical record.

292 14. Medical personnel or nonmedical personnel who have
293 been subject to a significant exposure during the course of
294 medical practice or in the performance of professional duties,
295 or individuals who are the subject of the significant exposure
296 as provided in subparagraphs (h)10.-12.

297 15. The medical examiner shall disclose positive HIV test
298 results to the department in accordance with rules for reporting
299 and controlling the spread of disease.

300 (f) Except as provided in this section, the identity of a
301 person upon whom a test has been performed is confidential and
302 exempt from the provisions of s. 119.07(1). No person to whom
303 the results of a test have been disclosed may disclose the test
304 results to another person except as authorized by this
305 subsection and by ss. 951.27 and 960.003. Whenever disclosure is
306 made pursuant to this subsection, it shall be accompanied by a
307 statement in writing which includes the following or
308 substantially similar language: "This information has been
309 disclosed to you from records whose confidentiality is protected
310 by state law. State law prohibits you from making any further
311 disclosure of such information without the specific written
312 consent of the person to whom such information pertains, or as
313 otherwise permitted by state law. A general authorization for
314 the release of medical or other information is NOT sufficient
315 for this purpose." An oral disclosure shall be accompanied by
316 oral notice and followed by a written notice within 10 days,
317 except that this notice shall not be required for disclosures
318 made pursuant to subparagraphs (e)3. and 4.

319 (g) Human immunodeficiency virus test results contained in
320 the medical records of a hospital licensed under chapter 395 may
321 be released in accordance with s. 395.3025 without being subject
322 to the requirements of subparagraph (e)2., subparagraph (e)9.,
323 or paragraph (f); provided the hospital has obtained written
324 informed consent for the HIV test in accordance with provisions
325 of this section.

326 (h) Notwithstanding the provisions of paragraph (a),
327 informed consent is not required:

338 d. HIV testing of pregnant women pursuant to s. 384.31.

339 e. HIV testing of inmates pursuant to s. 951.27 before
340 their release from a county or municipal detention facility.

341 2. Those exceptions provided for blood, plasma, organs,
342 skin, semen, or other human tissue pursuant to s. 381.0041.

343 3. For the performance of an HIV-related test by licensed

357 test results in accordance with paragraph (c) is required if it
358 would not be detrimental to the patient. This subparagraph does
359 not authorize the routine testing of patients for HIV infection
360 without informed consent.

361 5. When HIV testing is performed as part of an autopsy for
362 which consent was obtained pursuant to s. 872.04.

363 6. For the performance of an HIV test upon a defendant
364 pursuant to the victim's request in a prosecution for any type
365 of sexual battery where a blood sample is taken from the
366 defendant voluntarily, pursuant to court order for any purpose,
367 or pursuant to the provisions of s. 775.0877, s. 951.27, or s.
368 960.003; however, the results of any HIV test performed shall be
369 disclosed solely to the victim and the defendant, except as
370 provided in ss. 775.0877, 951.27, and 960.003.

371 7. When an HIV test is mandated by court order.

372 8. For epidemiological research pursuant to s. 381.0032,
373 for research consistent with institutional review boards created
374 by 45 C.F.R. part 46, or for the performance of an HIV-related
375 test for the purpose of research, if the testing is performed in
376 a manner by which the identity of the test subject is not known
377 and may not be retrieved by the researcher.

378 9. When human tissue is collected lawfully without the
379 consent of the donor for corneal removal as authorized by s.
380 765.5185 or enucleation of the eyes as authorized by s. 765.519.

381 10. For the performance of an HIV test upon an individual
382 who comes into contact with medical personnel in such a way that
383 a significant exposure has occurred during the course of

HB 463

employment or within the scope of practice and where a blood sample is available that was taken from that individual voluntarily by medical personnel for other purposes. The term "medical personnel" includes a licensed or certified health care professional; an employee of a health care professional or health care facility; employees of a laboratory licensed under chapter 483; personnel of a blood bank or plasma center; a medical student or other student who is receiving training as a health care professional at a health care facility; and a paramedic or emergency medical technician certified by the department to perform life-support procedures under s. 401.23.

a. Prior to performance of an HIV test on a voluntarily obtained blood sample, the individual from whom the blood was obtained shall be requested to consent to the performance of the test and to the release of the results. The individual's refusal to consent and all information concerning the performance of an HIV test and any HIV test result shall be documented only in the medical personnel's record unless the individual gives written consent to entering this information on the individual's medical record.

b. Reasonable attempts to locate the individual and to obtain consent shall be made, and all attempts must be documented. If the individual cannot be found, an HIV test may be conducted on the available blood sample. If the individual does not voluntarily consent to the performance of an HIV test, the individual shall be informed that an HIV test will be performed, and counseling shall be furnished as provided in this section. However, HIV testing shall be conducted only after a

413 medical personnel, that there has been a significant exposure
414 and that, in the physician's medical judgment, the information
415 is medically necessary to determine the course of treatment for
416 the medical personnel.

417 c. Costs of any HIV test of a blood sample performed with
418 or without the consent of the individual, as provided in this
419 subparagraph, shall be borne by the medical personnel or the
420 employer of the medical personnel. However, costs of testing or
421 treatment not directly related to the initial HIV tests or costs
422 of subsequent testing or treatment may not be borne by the
423 medical personnel or the employer of the medical personnel.

424 d. In order to utilize the provisions of this
425 subparagraph, the medical personnel must either be tested for
426 HIV pursuant to this section or provide the results of an HIV
427 test taken within 6 months prior to the significant exposure if
428 such test results are negative.

429 e. A person who receives the results of an HIV test
430 pursuant to this subparagraph shall maintain the confidentiality
431 of the information received and of the persons tested. Such
432 confidential information is exempt from s. 119.07(1).

433 f. If the source of the exposure will not voluntarily
434 submit to HIV testing and a blood sample is not available, the
435 medical personnel or the employer of such person acting on
436 behalf of the employee may seek a court order directing the
437 source of the exposure to submit to HIV testing. A sworn

physician's medical judgment, testing is medically necessary to determine the course of treatment constitutes probable cause for the issuance of an order by the court. The results of the test shall be released to the source of the exposure and to the person who experienced the exposure.

11. For the performance of an HIV test upon an individual who comes into contact with medical personnel in such a way that a significant exposure has occurred during the course of employment or within the scope of practice of the medical personnel while the medical personnel provides emergency medical treatment to the individual; or who comes into contact with nonmedical personnel in such a way that a significant exposure has occurred while the nonmedical personnel provides emergency medical assistance during a medical emergency. For the purposes of this subparagraph, a medical emergency means an emergency medical condition outside of a hospital or health care facility that provides physician care. The test may be performed only during the course of treatment for the medical emergency.

a. An individual who is capable of providing consent shall be requested to consent to an HIV test prior to the testing. The individual's refusal to consent, and all information concerning the performance of an HIV test and its result, shall be documented only in the medical personnel's record unless the individual gives written consent to entering this information on the individual's medical record.

b. HIV testing shall be conducted only after a licensed physician documents, in the medical record of the medical personnel or nonmedical personnel, that there has been a

469 judgment, the information is medically necessary to determine
470 the course of treatment for the medical personnel or nonmedical
471 personnel.

472 c. Costs of any HIV test performed with or without the
473 consent of the individual, as provided in this subparagraph,
474 shall be borne by the medical personnel or the employer of the
475 medical personnel or nonmedical personnel. However, costs of
476 testing or treatment not directly related to the initial HIV
477 tests or costs of subsequent testing or treatment may not be
478 borne by the medical personnel or the employer of the medical
479 personnel or nonmedical personnel.

480 d. In order to utilize the provisions of this
481 subparagraph, the medical personnel or nonmedical personnel
482 shall be tested for HIV pursuant to this section or shall
483 provide the results of an HIV test taken within 6 months prior
484 to the significant exposure if such test results are negative.

485 e. A person who receives the results of an HIV test
486 pursuant to this subparagraph shall maintain the confidentiality

489 f. If the source of the exposure will not voluntarily
490 submit to HIV testing and a blood sample was not obtained during
491 treatment for the medical emergency, the medical personnel, the
492 employer of the medical personnel acting on behalf of the
493 employee, or the nonmedical personnel may seek a court order

The results of the test shall be released to the source of the exposure and to the person who experienced the exposure.

12. For the performance of an HIV test by the medical examiner or attending physician upon an individual who expired or could not be resuscitated while receiving emergency medical assistance or care and who was the source of a significant exposure to medical or nonmedical personnel providing such assistance or care.

a. HIV testing may be conducted only after a licensed physician documents in the medical record of the medical personnel or nonmedical personnel that there has been a significant exposure and that, in the physician's medical judgment, the information is medically necessary to determine the course of treatment for the medical personnel or nonmedical personnel.

b. Costs of any HIV test performed under this subparagraph may not be charged to the deceased or to the family of the deceased person.

c. For the provisions of this subparagraph to be applicable, the medical personnel or nonmedical personnel must be tested for HIV under this section or must provide the results of an HIV test taken within 6 months before the significant exposure if such test results are negative.

d. A person who receives the results of an HIV test pursuant to this subparagraph shall comply with paragraph (e).

13. For the performance of an HIV-related test medically indicated by licensed medical personnel for medical diagnosis of a hospitalized infant as necessary to provide appropriate care and treatment of the infant when, after a reasonable attempt, a parent cannot be contacted to provide consent. The medical records of the infant shall reflect the reason consent of the parent was not initially obtained. Test results shall be provided to the parent when the parent is located.

14. For the performance of HIV testing conducted to monitor the clinical progress of a patient previously diagnosed to be HIV positive.

15. For the performance of repeated HIV testing conducted to monitor possible conversion from a significant exposure.

Local Government Infrastructure Surtax

SUMMARY ANALYSIS

Counties have authority to impose a limited number of discretionary sales surtaxes. To impose any of the surtaxes requires either a favorable referendum vote or, for some, an extraordinary vote of the governing body. The Local Government Infrastructure Surtax is one of the discretionary sales surtaxes.

With limited exceptions, all proceeds of the Local Government Infrastructure Surtax, and any interest accrued, are only allowed to be spent by the school district or within the county and municipalities in the county on local infrastructure needs. This bill requires that only a minimum of 50% of the proceeds or accruals be expended for local infrastructure purposes. The bill provides that up to 35% of the remaining proceeds and accruals may be used to reduce property taxes and up 15% may be used for operational expenses. The percentage used for operational expenses may not exceed the percentage used to reduce property taxes.

The bill provides that property taxes may not be increased for the first year or by more than 3% above the rollback rate during any subsequent years after a taxing authority elects to use proceeds to fund operational expenses.

This bill would take effect July 1, 2006.

The bill does not appear to have a fiscal impact on state government. The bill has no required fiscal impact on local governments.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Ensure lower taxes- This bill allows 35% of the proceeds and interest of the Local Government Infrastructure Surtax (surtax) to be used to reduce property taxes. The bill also allows up to 15% of such proceeds to be used for operational expenses. The bill prevents property taxes from increasing the first year after proceeds and interest of the surtax are used to fund operational expenses. After the first year, the increase is limited to 3% over the rollback rate for any subsequent years under the levy.

B. EFFECT OF PROPOSED CHANGES:

Background

Section 212.055, F.S., authorizes counties to impose one or more of seven local discretionary sales surtaxes on all transactions occurring in the county which are subject to the state tax imposed on sales, use, services, rentals, and admissions.¹ The tax rate, duration of levy, method of imposition, and use of proceeds and accrued interest are set in statute and summarized below:

Local Discretionary Sales Surtaxes:	Authorized Levy (%):
Charter County Transient System	Up to 1%
Local Government Infrastructure Surtax	0.5% or 1%
Small County Surtax	0.5% or 1%
Indigent Care and Trauma Center Surtax	Up to 0.5%
County Public Hospital Surtax	0.5%
School Capital Outlay Surtax	Up to 0.5%
Voter-Approved Indigent Care Surtax	0.5% or 1%

Section 212.055, F.S., provides maximum combined tax rates for the different surtaxes imposed. The Local Government Infrastructure Surtax, Small County Surtax, Indigent Care and Trauma Center Surtax, and County Public Hospital Surtax are maximized at a combined rate of 1%. In counties with a publicly supported medical school levying the Voter-Approved Indigent Care Surtax, the combined maximum rate is 1.5%. The School Capital Outlay Surtax, capped at 0.5%, is not included in tax rate caps.

The Local Government Infrastructure Surtax (surtax) is authorized in s. 212.055(2)(d), F.S., upon enactment of an ordinance by a majority of the members of the county governing authority and approval in a local referendum. If not provided for differently in the ordinance, the surtax may not be levied for more than 15 years. They levy may be extended by majority vote in another referendum.

The referendum must include a general description of the projects to be funded by the surtax. Section 212.055(2)(d), F.S., limits the purposes for which the proceeds and any accrued interest can be used for. Proceeds and accruements can not be used for operational expenses. Except for a limited number of exceptions for counties under certain specifications, funds are only to be used by the school district or within the county and municipalities in the county to:

- Finance, plan, and construct infrastructure.
- Acquire land for public recreation or conservation or protection of natural resources.
- Finance the closure of certain county or municipally owned solid waste landfills.
- Retire or service bond indebtedness related to prior infrastructure construction.

¹ Section 212.054, F.S.

- Up to 15% may be used for economic development projects if specifically provided for in the referendum

Effect of Bill

Subject to any obligation to retire or service bonded indebtedness, this bill requires that only a minimum of 50% of the funds from the Local Government Infrastructure Surtax be used for the approved projects. It then provides that up to 35% of the funds may be used to reduce property taxes and up to 15% may be used for operational expenses. Operational expenses are not allowed to exceed the percentage used to reduce property taxes. If a county decides to use funds for operational expenses, the taxing authority can not increase property taxes above the rollback rate for the first year following the year in which funds are used for operational expenses, and can not increase property taxes more than 3% above the rollback rate during any subsequent years the levy is imposed.

SUMMARY ANALYSIS

HB 905 expressly provides local governments with the authority to impose stricter concurrency requirements than those provided in existing law. Concurrency is a growth management concept intended to ensure that the necessary public facilities and services are available concurrent with the impacts of development. Specifically, existing law provides that transportation facilities needed to serve new development must be in place or under construction within 3 years after local government approves either a building permit, or its functional equivalent, that results in traffic generation. The bill allows local government to establish a shorter period of time than 3 years, including "real-time concurrency" which is the ability to require the facilities to be in place prior to permitting development that would result in traffic generation.

The bill changes the effective date of the requirement to adopt a supporting comprehensive plan amendment in conjunction with a transportation concurrency exception area (TCEA). This mechanism is used to provide for an exception to the concurrency requirements under certain conditions when facilities concurrency conflicts with other public policy goals and leads to the discouragement of urban infill development and redevelopment. Existing law requires such a supporting amendment even for existing TCEAs. The bill applies that requirement only to TCEAs granted after July 1, 2006.

The bill changes existing law to allow for alternative means, rather than a single method (proportionate fair-share mitigation), to mitigate the impacts of development on transportation facilities.

The bill does not appear to have a fiscal impact on state resources. The bill may increase the demand for local expenditures to ensure that transportation facilities are funded and in place in tandem with development demand.

The bill has an effective date of July 1, 2006.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government – The bill allows local government to be more development restrictive in implementing transportation facilities concurrency. If local government chooses to be more restrictive than the state standard, then such action could be considered to either limit government by decentralizing the implementation standard or increase government by further restricting when development may occur.

Safeguard individual liberty – The bill allows local government to be more development restrictive in implementing transportation facilities concurrency. Thus, if local government chooses a more restrictive implementation, then such action could be considered to decrease or prohibit a private organization (developer) in the conduct of its affairs.

B. EFFECT OF PROPOSED CHANGES:

Background

Transportation Concurrency - CS/CS/CS SB 360 (2005)

The 2005 Legislature enacted CS/CS/CS SB 360 relating to infrastructure funding and planning (ch. 2005-290, L.O.F., the “2005 Act”). Among other revisions to existing law, the act provides for stricter facilities concurrency than existed in prior law. Concurrency is a growth management concept intended to ensure that the necessary public facilities and services are available concurrent with the impacts of development. One of the types of facilities to which concurrency applies under the 2005 Act is transportation facilities. Specifically, the 2005 Act provided that *transportation facilities must be in place or under actual construction within 3 years from the local government’s approval of a building permit or its functional equivalent that results in traffic generation*. To carry out transportation concurrency, local governments must define what constitutes an adequate level of service and measure whether the service needs of a new development exceed existing capacity and any scheduled improvements in the capital improvements element of the local government’s comprehensive plan.

Transportation Concurrency Exception Areas

The law provides that under limited circumstances, the requirement for transportation facilities concurrency conflicts with other public policy goals and leads to the discouragement of urban infill development and redevelopment. In such instances, existing law allows a local government to designate a transportation concurrency exception area (TCEA) to provide for an exception to the concurrency requirements. This results in an increase in the number of people and goods that need to move around within the TCEA and means that their mobility must be addressed in ways other than the traditional provision of roads. When a local government chooses to designate a TCEA, they must follow certain requirements in the law. Among those requirements is the adoption of a comprehensive plan amendment that supports the designated area in the ways outlined below.

- Implements strategies to support and fund mobility within the TCEA, including alternative modes of transportation.
- Demonstrates how strategies will support the purpose of the exception area and how mobility within the exception area will be provided.
- Addresses urban design; appropriate land use mixes, including intensity and density; and network connectivity plans needed to promote urban infill, redevelopment, or downtown revitalization.
- Be accompanied by data and analysis justifying the size of the area.

Proportionate Fair-Share Mitigation

The 2005 Act established a single method by which development could proceed ahead of supporting transportation facilities. The method is referred to as “proportionate fair-share mitigation.” The intent of proportionate fair-share mitigation is to provide applicants for development an opportunity to proceed under certain conditions, notwithstanding the failure of transportation concurrency, by contributing their share of the cost of improving the impacted transportation facility.

A developer may choose to satisfy transportation concurrency requirements by contributing or paying “proportionate fair-share mitigation” for those facilities or segments that are identified in the 5-year schedule of capital improvements. If the funds in an adopted 5-year schedule are insufficient to fully fund construction of the transportation improvements required by the local government’s transportation concurrency management system, the local government may still enter into a binding proportionate share agreement with the developer. This agreement would allow a developer to construct the amount of development on which the proportionate fair share is calculated if the amount in the agreement is sufficient to pay for an improvement that will, in the opinion of a governmental entity, significantly benefit the impacted transportation system.

Effect of Proposed Changes

Stricter concurrency requirements: HB 905 expressly allows local government to adopt a stricter concurrency requirement, including real-time concurrency, than that provided in existing law. Existing law, which does not expressly provide authority to establish stricter concurrency standards, does provide that transportation facilities needed to serve new development must be in place or under construction within 3 years after local government approves either a building permit, or its functional equivalent, that results in traffic generation. Thus, under the bill, a local government may choose to require that such facilities need to be in place, or under construction, within any time period shorter than 3 years, after issuance of the building permit. Additionally, the bill expressly allows local government to establish “real-time concurrency” which would mean that no development would be allowed to proceed until “adequate transportation facilities are in place.”

Transportation concurrency exception areas: Existing law requires that a local government that has designated a transportation concurrency exception area must also adopt a comprehensive plan amendment to support the exception area. The bill changes the effective date of the requirement to adopt such a comprehensive plan amendment. The bill only requires such a comprehensive plan amendment for those exception areas granted after July 1, 2006.

Proportionate Fair-Share Mitigation: The bill changes existing law to allow for alternative means, rather than a single method, to mitigate the impacts of development on transportation facilities. Existing law provides that “proportionate fair-share mitigation” is the sole method for mitigating such impacts. Thus, the bill allows a local government to adopt some alternative manner for mitigating such impacts, rather than being restricted to only using the “proportionate fair-share mitigation” method.

C. SECTION DIRECTORY:

Section 1 – Amends as. 163.3180(2)(c), (5)(e), and (16), F.S., relating to transportation concurrency.

Section 2 – Provides an effective date of July 1, 2006.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The bill does not appear to have an impact on state revenues.

2. Expenditures:

The bill does not appear to have an impact on state expenditures.

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

The bill does not appear to have an impact on local revenues.

2. Expenditures:

The bill may increase the demand for local expenditures to ensure that transportation facilities are funded and in place in tandem with development demand.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

The bill may have an impact on the private sector by limiting when development may proceed in relation to the availability of adequate transportation facilities.

D. FISCAL COMMENTS:

Not applicable.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

The bill does not require counties or municipalities to spend funds or to take an action requiring the expenditure of funds. The bill does not reduce the percentage of a state tax shared with counties or municipalities. The bill does not reduce the authority that municipalities have to raise revenue.

2. Other:

The bill does not appear to contain any other constitutional issues.

B. RULE-MAKING AUTHORITY:

The bill does not contain any rulemaking authority.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Lines 28 – 34 of the bill may lead to confusion over the intended scope of its application. The new language added to s. 163.3180(2)(c), F.S., specifically states:

Nothing in *this section* prohibits a local government from adopting stricter concurrency requirements, including real-time concurrency, under which a local government a local government need not issue a building permit or its functional equivalent for a new development under any circumstances that result in traffic generation until adequate transportation facilities are in place. [emphasis provided]

Reference to “this section” may be interpreted to mean the entire s. 163.3180, F.S. It is unclear whether the new provision allows a local government to adopt stricter concurrency requirements solely for transportation facilities by its inclusion into the paragraph relating solely to transportation facilities, or more broadly for any of other facilities addressed in the “section” (i.e., sanitary sewer, solid waste, drainage, potable water, parks and recreation, or schools).

29 a local government from adopting stricter concurrency
30 requirements, including real-time concurrency, under which a
31 local government need not issue a building permit or its
32 functional equivalent for a new development under any
33 circumstances that result in traffic generation until adequate
34 transportation facilities are in place.

35 (5)

36 (e) If a local government grants an exception from the
37 concurrency requirement for transportation facilities pursuant
38 to paragraph (b) after July 1, 2006, the local government shall
39 adopt into the plan and implement strategies to support and fund
40 mobility within the designated exception area, including
41 alternative modes of transportation. The plan amendment shall
42 also demonstrate how strategies will support the purpose of the
43 exception and how mobility within the designated exception area
44 will be provided. In addition, the strategies must address urban
45 design; appropriate land use mixes, including intensity and
46 density; and network connectivity plans needed to promote urban
47 infill, redevelopment, or downtown revitalization. The
48 comprehensive plan amendment designating the concurrency
49 exception area shall be accompanied by data and analysis
50 justifying the size of the area.

51 (16) It is the intent of the Legislature to provide
52 alternatives ~~a method~~ by which the impacts of development on
53 transportation facilities can be mitigated by the cooperative
54 efforts of the public and private sectors. If a local government
55 elects to use proportionate fair-share mitigation in lieu of its
56 existing concurrency management system as adopted in its

57 comprehensive plan, the methodology used to calculate
58 proportionate fair-share mitigation under this section shall be
59 as provided for in subsection (12) and the following provisions
60 shall apply:-

61 (a) By December 1, 2006, each local government shall adopt
62 by ordinance a methodology for assessing proportionate fair-
63 share mitigation options. By December 1, 2005, the Department of
64 Transportation shall develop a model transportation concurrency
65 management ordinance with methodologies for assessing
66 proportionate fair-share mitigation options.

67 (b)1. In its transportation concurrency management system,
68 a local government shall, by December 1, 2006, include
69 methodologies that will be applied to calculate proportionate
70 fair-share mitigation. A developer may choose to satisfy all
71 transportation concurrency requirements by contributing or
72 paying proportionate fair-share mitigation if transportation
73 facilities or facility segments identified as mitigation for
74 traffic impacts are specifically identified for funding in the
75 5-year schedule of capital improvements in the capital
76 improvements element of the local plan or the long-term
77 concurrency management system or if such contributions or
78 payments to such facilities or segments are reflected in the 5-
79 year schedule of capital improvements in the next regularly
80 scheduled update of the capital improvements element. Updates to
81 the 5-year capital improvements element which reflect
82 proportionate fair-share contributions may not be found not in
83 compliance based on ss. 163.164(32) and 163.3177(3) if
84 additional contributions, payments or funding sources are

85 reasonably anticipated during a period not to exceed 10 years to
86 fully mitigate impacts on the transportation facilities.

87 2. Proportionate fair-share mitigation shall be applied as
88 a credit against impact fees to the extent that all or a portion
89 of the proportionate fair-share mitigation is used to address
90 the same capital infrastructure improvements contemplated by the
91 local government's impact fee ordinance.

92 (c) Proportionate fair-share mitigation includes, without
93 limitation, separately or collectively, private funds,
94 contributions of land, and construction and contribution of
95 facilities and may include public funds as determined by the
96 local government. The fair market value of the proportionate
97 fair-share mitigation shall not differ based on the form of
98 mitigation. A local government may not require a development to
99 pay more than its proportionate fair-share contribution
100 regardless of the method of mitigation.

101 (d) Nothing in this subsection shall require a local
102 government to approve a development that is not otherwise
103 qualified for approval pursuant to the applicable local
104 comprehensive plan and land development regulations.

105 (e) Mitigation for development impacts to facilities on
106 the Strategic Intermodal System made pursuant to this subsection
107 requires the concurrence of the Department of Transportation.

108 (f) In the event the funds in an adopted 5-year capital
109 improvements element are insufficient to fully fund construction
110 of a transportation improvement required by the local
111 government's concurrency management system, a local government
112 and a developer may still enter into a binding proportionate-

113 share agreement authorizing the developer to construct that
114 amount of development on which the proportionate share is
115 calculated if the proportionate-share amount in such agreement
116 is sufficient to pay for one or more improvements which will, in
117 the opinion of the governmental entity or entities maintaining
118 the transportation facilities, significantly benefit the
119 impacted transportation system. The improvement or improvements
120 funded by the proportionate-share component must be adopted into
121 the 5-year capital improvements schedule of the comprehensive
122 plan at the next annual capital improvements element update.

123 (g) Except as provided in subparagraph (b)1., nothing in
124 this section shall prohibit the Department of Community Affairs
125 from finding other portions of the capital improvements element
126 amendments not in compliance as provided in this chapter.

127 (h) The provisions of this subsection do not apply to a
128 multiuse development of regional impact satisfying the
129 requirements of subsection (12).

130 Section 2. This act shall take effect July 1, 2006.

SUMMARY ANALYSIS

HB 931 adds four members to the Pinellas Suncoast Transit Authority (Authority), to include one additional member appointed by the City Council of the City of St. Petersburg and three additional members appointed by the Pinellas County Commission. The bill provides that the member appointed by the City Council of the City of St. Petersburg will serve an initial three year term; additional members appointed by the Pinellas County Commission will serve an initial three year term for one member, an initial two year term for another member, and an initial one year term for the third member.

According to the Economic Impact Statement, no fiscal impacts are anticipated for either fiscal year 2006-07 or 2007-08.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

The bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

The Central Pinellas Transit Authority was created in 1970 by ch. 70-907, L.O.F. The name of the Authority was changed to the Pinellas Suncoast Transit Authority by ch. 82-368, L.O.F. The Authority was created to provide public transit services in the Pinellas County area. Term limits are three years and a member may not serve more than three consecutive terms. Term limits are three years and a member may not serve more than three consecutive terms. The Authority has an annual total operating budget of \$48.3 million. The ad valorem millage rate is 0.6377(cap 0.75).

The Authority is the public transit provider in Pinellas County, Florida, operating 180 buses and trolleys that serve 43 routes. In addition, two express buses travel between Pinellas County and Tampa, and the Suncoast Beach Trolley connects the Gulf Beaches from Clearwater Beach to Pass-a-Grille. During fiscal year 2004-05 the Authority transported 10,481,997 passengers.¹

The bill adds four members to the Authority to include one additional member appointed by the City Council of the City of St. Petersburg and three additional members appointed by the Pinellas County Commission. The bill provides that the member appointed by the City Council of the City of St. Petersburg will serve an initial three year term; additional members appointed by the Pinellas County Commission will serve an initial three year term for one member, an initial two year term for another member, and an initial one year term for the third member.

C. SECTION DIRECTORY:

Section 1. Amends subsection (2) of s. 3 of s. 1 of ch. 2000-424, L.O.F., providing for four additional members to the Pinellas Suncoast Transit Authority; provides for the appointment of the additional members.

Section 2. Provides for the staggering initial terms for the additional members.

67 consecutive terms.

68 Section 2. The additional member to be appointed by the
69 City of St. Petersburg shall be appointed for the initial term
70 of 3 years. One of the additional members to be appointed by the
71 Pinellas County Commission shall serve an initial term of 3
72 years, another additional member to be appointed by the Pinellas
73 County Commission shall serve an initial term of 2 years, and
74 the third additional member to be appointed by the Pinellas
75 County Commission from its membership shall serve an initial
76 term of 1 year.

77 Section 3. If any provision of this act or the application
78 thereof to any person or circumstance is held invalid, the
79 invalidity shall not affect other provisions or applications of
80 this act which can be given effect without the invalid provision
81 or application, and to this end the provisions of this act are
82 declared severable.

83 Section 4. This act shall take effect upon becoming a law.

SUMMARY ANALYSIS

The Pinecraft Lighting District (District) is an independent special district located in Sarasota County. The District was created by ch. 71-911, L.O.F., which has been amended by subsequent special acts.

The bill codifies (reenacts) all prior special acts of the district into a single act, as required by s. 189.429, F.S.

The bill deletes outdated language and organizes previously authorized powers of the District. The bill also makes minor, stylistic changes to some of the language of the charter.

The bill contains a provision which does not simply codify existing law, but amends the charter of the District to:

- increase the rate of special assessments for certain lighting benefits by the District.

The Economic Impact Statement indicates the bill will generate anticipated new revenues of \$6,820 for FY 2005-06 and \$8,525 for FY 2006-07.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Ensure lower taxes – the bill increases the rates of special assessments for certain lighting benefits provided by the District.

B. EFFECT OF PROPOSED CHANGES:

Codification

Codification is the process of bringing a special act up-to-date. After a special district is created, special acts often amend or alter the special district's charter provisions. To ascertain the current status of a special district's charter, it is necessary to research all amendments or changes made to the charter since its inception or original passage by the Legislature. Codification of special district charters is important because it allows readers to more easily determine the current charter of a district.

Codification of special district charters was initially authorized by the 1997 Legislature and is codified in s. 189.429, F.S. and s. 191.015, F.S. The 1998 Legislature subsequently amended both sections of the statute. Current law provides for codification of all special district charters by December 1, 2004. The 1998 law allows for the adoption of the codification schedule provided for in an October 3, 1997 memorandum issued by the Chair of the Committee on Community Affairs. Any codified act relating to a special district must provide for the repeal of all prior special acts of the Legislature relating to the district. Additionally, the 2001 Legislature amended s. 189.429, F.S. to provide that reenactment of existing law pursuant to s. 189.429, F.S.: (1) shall not be construed to grant additional authority nor to supersede the authority of an entity; (2) shall continue the application of exceptions to law contained in special acts reenacted pursuant to the section; (3) shall not be construed to modify, amend, or alter any covenants, contracts, or other obligations of any district with respect to bonded indebtedness; and (4) shall not be construed to affect a district's ability to levy and collect taxes, assessments, fees, or charges for the purpose of redeeming or servicing the district's bonded indebtedness.

Since the enactment of ss. 189.429 and 191.015, F.S., 201 special districts (includes local bills that were vetoed or filed and did not pass the Legislature) have codified their charters.

Although the deadline for submission of a codified charter by all special districts was prior to the 2005 Legislative session, all special districts have not complied with this requirement, and proposed codification bills for other special districts have not been enacted by the Legislature or have been vetoed by the Governor. As a result, additional proposed codification bills are anticipated.

Pinecraft Lighting District

The Pinecraft Lighting District (District) is an independent special district located in Sarasota County. The District was created by ch. 71-911, L.O.F., which has been amended by subsequent special acts.

The primary purpose of the District is to provide street lighting. The District is governed by a five member board of commissioners (Board), appointed by the Governor. The district levies benefit assessments.

Current authority provides that each board member receive no compensation for their services, but the Secretary-Treasurer may be paid \$300 annually.

The District has the power to establish and collect special assessments, and to provide for reasonable penalties for any such rates, fees, or other charges which are delinquent.

The bill codifies (reenacts) all prior special acts of the district into a single act, as required by s. 189.429, F.S. Reenactment of existing law is permitted by this section, although this reenactment is not to be construed as a grant of additional authority.

The bill deletes outdated language and organizes previously authorized powers of the District. The bill also makes minor, stylistic changes to some of the language of the charter.

Changes to the Pinecraft Lighting District Charter

The bill contains a provision which does not simply codify existing law, but amends the charter of the District to:

- increase the rate of special assessments for lighting benefits to \$75 from \$25 annually on any one business firm, \$30 from \$10 annually on a home and the parcel of land that is less than one acre, \$2 from .50 cent per vacant lot in platted subdivisions, and \$2 from .50 cent per acre or fraction of un-subdivided acreage by the District.

Charter of District

This bill recreates and reenacts the District's charter as follows:

- Section 1: Provides for boundaries of the District.¹
- Section 2: Provides for a five member board of commissioners appointed by the Governor; provides no compensation for commissioners except for the secretary-treasurer; requires each commissioner to execute a \$1,000 bond to secure faithful performance of powers and duties.²
- Section 3: Provides for 4-year term limits; provides the commissioners are elected by the qualified electors of the District.³
- Section 4: Authorizes District to levy special assessments, rates, protest, and provides for collection.⁴
- Section 5: Provides for assessment as a lien; provides for procedure upon delinquency.⁵
- Section 6: Provides for deposition of funds; provides for disbursement by check.⁶

1 A bill to be entitled

2 An act relating to the Pinecraft Lighting District,
3 Sarasota County; codifying, amending, reenacting, and
4 repealing chapters 71-911, 72-689, and 76-486, Laws of
5 Florida; providing for maximum limits on special
6 assessments levied by the district; providing for powers,
7 duties, liabilities, and administration of the district;
8 providing for a board of commissioners and its membership,
9 appointment, powers, and duties; providing for the levy,
10 collection, and enforcement of special assessments and the
11 creation of liens upon lands in the district; providing
12 definitions; providing for severability; providing an
13 effective date.

14
15 Be It Enacted by the Legislature of the State of Florida:

16
17 Section 1. (1) The reenactment of existing law in this
18 act shall not be construed as a grant of additional authority to
19 nor to supersede the authority of any entity pursuant to law.
20 Exceptions to law contained in any special act that are
21 reenacted pursuant to this act shall continue to apply.

22 (2) The reenactment of existing law in this act shall not
23 be construed to modify, amend, or alter any covenants,
24 contracts, or other obligations of the district with respect to
25 bonded indebtedness. Nothing pertaining to the reenactment of
26 existing law in this act shall be construed to affect the
27 ability of the district to levy and collect taxes, assessments,

HB 937

2006

28 fees, or charges for the purpose of redeeming or servicing
29 bonded indebtedness of the district.

30 Section 2. Chapters 71-911, 72-689, and 76-486, Laws of
31 Florida, are codified, reenacted, amended, and repealed as
32 provided in this act.

33 Section 3. The Pinecraft Lighting District is re-created
34 and the charter for such district is re-created and reenacted to
35 read:

36 Section 1. The boundaries of the Pinecraft Lighting
37 District shall include the following lands in Sarasota County:

38
39 All that part of section 28, township 36 south, range
40 18 east, Sarasota County, Florida, bounded on the east
41 side by Beneva Road, on the south side by Waldemere
42 Street, and south line of Homecroft subdivision, and
43 by Phillipi Creek on the north and west sides, more
44 specifically known as Pinecraft subdivision lots 1
45 through 539, namely, Kaufman, Yoder, Miller, Krupp,
46 Good, Gilbert, Tice, File and Carter Avenues and Zook
47 Place, and Homecroft subdivision blocks A through Q,
48 namely, Schrock, Estrada, Clarinda, Bimini, Hacienda,
49 Gardenia and Birkly Streets.

50
51 Section 2. The business and affairs of the district shall
52 be conducted and administered by a board of five commissioners.
53 The commissioners, upon their appointment and qualification and
54 annually in January, shall organize by electing from their
55 number a chair, vice chair, and secretary-treasurer. The

HB 937

2006

56 commissioners shall not receive any compensation for their
57 services as such, but the secretary-treasurer may be paid not
58 more than \$300 per annum from the funds of the district for his
59 or her services as secretary-treasurer. Each commissioner shall,
60 before he or she enters upon his or her duties as commissioner,
61 execute to the Governor, for the benefit of the district, a good
62 and sufficient bond approved by the Circuit Court of Sarasota
63 County, in the sum of \$1,000, with a qualified corporate surety
64 conditioned to faithfully perform the duties of commissioner and
65 to account for all funds to come into his or her hands as
66 commissioner. All premiums for surety on all such bonds shall be
67 paid from the funds of the district.

68 Section 3. (1) Each commissioner shall hold office until
69 his or her successor is appointed and qualified, unless such
70 commissioner ceases to be qualified to act as commissioner or is
71 removed from office.

72 (2)(a) Successful candidates for the office of
73 commissioner shall take office 2 weeks after their election and
74 shall serve for 4-year terms each.

75 (b) All electors of the district shall be eligible for
76 election to the office of commissioner. The commissioners shall
77 be elected by the qualified electors of the district.

78 Section 4. (1) The district shall have the right, power,
79 and authority to levy special assessments for special lighting
80 benefits against the real estate in the district to provide
81 funds for the purpose of the district. The rate of such special
82 assessments for special lighting benefits shall be fixed by a
83 resolution of the board of commissioners, as hereinafter

HB 937

2006

84 provided, but shall in no event exceed the sum of \$75 per annum
85 on any one business firm; the sum of \$30 per annum on a home and
86 the parcel of land on which it is located, if not in excess of 1
87 acre; and \$2 per lot on vacant lots in platted subdivisions and
88 \$2 per acre or fraction thereof on unsubdivided acreage.

89 Apartment buildings and tourist courts shall be construed as one
90 business firm.

91 (2) The county property appraiser shall furnish to the
92 commissioners of the district a tax roll covering all taxable
93 properties within the district on which the district
94 commissioners will place the levy for each piece of property
95 thereon on or before September 1 of each year. Any property
96 owner in the district shall each year have the right, during a
97 10-day period to be set by the board after the rolls have had
98 the levy recorded thereon and prior to the billing being mailed,
99 to file a protest in writing against the proposed special
100 assessments for special lighting benefits as to the amount
101 thereof, and to appear before the board in support of such
102 protest. The board shall hold a meeting or meetings during the
103 period to consider such protest and make adjustments to the
104 rolls.

105 (3) Immediately after the adjustment period, the board
106 shall adopt a resolution fixing the rate of special assessment
107 for special lighting benefits and shall return the tax roll to
108 the county property appraiser, having first noted thereon the
109 levy against each parcel of property described thereon. The
110 county property appraiser shall then include in the Sarasota
111 County tax roll the special assessments for special lighting

112 benefits thus made by the board of commissioners of the
113 Pinecraft Lighting District and the same shall be collected in
114 the manner and form as provided for the collection of county
115 taxes and paid monthly by the tax collector to the board of
116 commissioners. The county tax collector and the county property
117 appraiser shall each receive for his or her services regarding
118 such special assessment for special lighting protection benefits
119 3 percent of the amount collected for the tax collector and 3
120 percent of the amount assessed for the property appraiser, which
121 shall be considered as income of each office respectively
122 pursuant to s. 145.121(1), Florida Statutes. The personnel
123 required to do the special work shall be paid for such special
124 services from the compensation herein provided.

125 Section 5. Such special assessment for special lighting
126 benefits shall be a lien upon the land so assessed along with
127 the county taxes against the same until the special assessments
128 for special lighting benefits have been paid and, if the same
129 become delinquent, shall be considered a part of the county tax
130 subject to the same penalties, charges, fees, and remedies for
131 enforcement and collection and shall be enforced and collected
132 as provided by the laws of the state for the collection of such
133 taxes.

134 Section 6. The proceeds of such special assessments for
135 special lighting benefit and the funds of the district shall be
136 deposited in the name of the district in a bank authorized to
137 receive deposits of county funds, which bank shall be designated
138 by a resolution of the board of commissioners. No funds of the
139 district shall be paid out or disbursed save and except by check

HB 937

2006

140 with the signature of at least two commissioners.

141 Section 7. The board of commissioners shall have the power
142 and the authority to borrow money for the purposes of the
143 district in an amount not to exceed 50 percent of the total
144 income from the special assessment for special lighting benefits
145 of the year when such borrowing is done, provided, however, that
146 the total accumulative debt of the district shall never exceed
147 50 percent of the total income in any 1 year. Neither the
148 district commissioners as a body nor any one of them as an
149 individual shall be personally or individually liable for the
150 repayment of such loan; such repayment shall be made out of the
151 special assessments for special lighting benefits receipts of
152 the district. Except as provided in this section, the district
153 commissioners shall not create any indebtedness or incur
154 obligations for any sum or amount which it is unable to pay out
155 of the district funds then in its hands, provided, however, that
156 the district commissioners may make purchases of equipment on an
157 installment basis as necessary, if funds are available for the
158 payment of the current year's installment on such equipment plus
159 the amount due in that year for any other installments and the
160 repayment of any bank loan or other existing indebtedness which
161 may be due that year. .

162 Section 8. No funds of the district shall be used for any
163 purpose other than the administration of the affairs and
164 business of the district; for the construction, care,
165 maintenance, upkeep, operation, and purchase of lighting
166 equipment or an office; for payment of public utilities such as
167 telephone and water; or for payments of salaries of an engineer

HB 937

2006

or maintenance personnel, as the board of commissioners may from
time to time determine to be for the best interests of the
district.

Section 9. The board of commissioners of the district
shall have the power and the authority to acquire by gift or
purchase a site and such lighting equipment as is deemed
necessary for the lighting of the district. The board shall have
the authority to hire, at salaries to be determined by the
board, an engineer and one or more maintenance personnel who
shall operate the lighting equipment.

Section 10. (1) The officers of the board of
commissioners shall have the duties usually pertaining to,
vested in, and incumbent upon like officers. A record shall be
kept of all meetings of the board of commissioners and, in such
meetings, concurrence of a majority of the commissioners shall
be necessary to any affirmative action by the board.

(2) The board of commissioners may adopt such rules and
regulations not inconsistent with any portion of this act as it
may deem necessary in and about any transaction of its business
and in carrying out the provisions of this act.

Section 11. The board of commissioners shall, on or before
August 1, make an annual report of its actions and accounting of
its funds as of June 30 of each year.

Section 12. The special lighting district shall exist
until dissolved by law. Should any part of the territory covered
in this act be held not to be included herein, then this act
shall continue in effect as to the balance of the territory.

Section 13. No suit, action, or proceeding shall be

HB 937

2006

196 instituted or maintained in any court against the district or
197 the commissioners, or any commissioner thereof, for or upon any
198 claim, right, or demand of any kind or nature, unless the person
199 or persons making such claim or demand or claiming such right
200 shall have given to the commissioners, or one of them, within 30
201 days after the alleged accrual of such claim, right, or demand,
202 a notice in writing setting forth the nature of the right,
203 claim, or demand; the amount thereof; and the place and manner
204 in which such claim or right accrued, together with the names
205 and addresses of all witnesses by whom such claims, rights, or
206 demands are to be proved or established, all with sufficient
207 detail to enable the district or the commissioners to fully
208 investigate such claim, right or demand; and no suit, action, or
209 proceeding on any such demand shall be instituted within 3
210 months after such notice shall be given.

211 Section 14. "District" means the special lighting district
212 hereby organized and "board of commissioners" means the board of
213 commissioners of and for the district when used in this act,
214 unless otherwise specified.

215 Section 15. If any clause, section, or provision of this
216 act is declared to be unconstitutional or invalid for any cause
217 or reason, the same shall be eliminated from this act, and the
218 remaining portion of the act shall be in force and effect and be
219 as valid as if such portion thereof had not been incorporated
220 therein.

221 Section 4. Chapters 71-911, 72-689, and 76-486, Laws of
222 Florida, are repealed.

223 Section 5. This act shall take effect upon becoming a law.

SUMMARY ANALYSIS

HB 971 creates an independent special district (district) for the purpose of providing funding for services for seniors in Broward County. The boundaries of the district are coterminous with the boundaries of Broward County. The district is authorized to levy an ad valorem tax not to exceed .5 mill on taxable property within the district subject to referendum approval by voters of the district. The referendum required to approve the ad valorem tax levy must be held in conjunction with the primary election held on September 5, 2006.

The bill provides for the district to be governed by the Broward County Council for Services for Seniors consisting of 11 members: the executive director of the area agency on aging of Broward County; the Broward County director of human services; one member of the Broward County board of county commissioners for a 2-year term; two nonvoting members of the Broward County legislative delegation for the county appointed by the delegation chair for a 2-year term; two representatives of the Broward League of Cities appointed by the President of the League of Cities for a 2-year term; and four members appointed by the Governor for a 4-year term, initially staggered, with reappointment for one additional term permitted, and who meet certain additional qualifications.

The bill sets forth powers, duties, and the financing and budgeting requirements of the district.

The bill provides that the district must comply with all other statutory requirements of general application which relate to the filing of any financial reports or compliance reports.

According to the Economic Impact Statement, anticipated funding from the levy of ad valorem taxes at the maximum allowed millage rate is approximately \$60 million for FY 06-07.

The bill is effective upon its approval by a majority vote of those qualified electors of Broward County voting in a referendum.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide limited government - This bill creates a new independent special district for the purpose of providing services for seniors and adults with developmental disabilities in Broward County.

Ensure lower taxes - The bill authorizes the district to levy an ad valorem tax not to exceed .5 mill on taxable property within the district, pursuant to a referendum.

Empower families - The bill permits the district to provide and maintain preventive, developmental, treatment, and rehabilitative services in Broward County that the council determines are needed for the general welfare of the county's seniors.¹ In addition, the council may consult and coordinate with other agencies serving seniors to prevent overlapping of services.

B. EFFECT OF PROPOSED CHANGES:

Current Situation

Special Districts Generally

Independent special districts are limited forms of government created to perform specialized functions. Special districts have no home rule power; rather, they only have the powers expressly provided by, or which can be reasonably implied from, the authority legislatively provided in their charter.

Chapter 189, F.S., is the "Uniform Special District Accountability Act" (Act). The Act provides that it is the specific intent of the Legislature that independent special districts may only be created by legislative authorization as provided in the Act.

Section 189.404(2), F.S., requires submission of a statement to the Legislature documenting the purpose of the proposed district, the authority of the proposed district, and an explanation of why the district is the best alternative. In addition, the section requires submission of a resolution or official statement issued by the appropriate local governing body in which the proposed district is located affirming that the creation of the proposed district is consistent with approved local government plans of the local governing body and that the local government has no objection to the creation of the proposed district.

Section 189.404(5), F.S., requires the charter of any newly created special district to contain a reference to the status of the special district as dependent or independent. The charters of independent districts must address and include certain provisions, including geographical boundaries, taxing authority, bond authority, and Board selection procedures. Section 189.404(2)(a), F.S., prohibits special laws which create independent districts that do not, at a minimum, conform to the minimum requirements in s. 189.404(3), F.S.

Section 189.404, F.S., also prohibits special acts creating independent special districts that are exempt from general law requirements regarding:

- General requirements and procedures for elections (s. 189.405, F.S.);
- Bond referenda requirements (s. 189.408, F.S.);
- Bond issuance reporting requirements (s. 189.4085, F.S.);
- Public facilities reports (s. 189.415, F.S.); and
- Notice, meetings, and other required reports and audits (ss. 189.417 & 189.418, F.S.).

¹ HB 971 s. 1(3)(a)(1.) (2006).

In addition to these extensive requirements for local bills creating independent special districts, other criteria mandated by the Florida Constitution must be fulfilled including notice requirements applicable to all local bills.

Effect of Proposed Changes

Creation of Independent Special District in Broward County

HB 971 creates an independent special district for the purpose of providing funding for services for seniors in Broward County.

The bill includes definitions of “senior”² to clarify that the district provides a distinct type of service. The boundaries of the district must be coterminous with the boundaries of Broward County.

The bill authorizes the district to levy an ad valorem tax not to exceed .5 mill on taxable property within the district subject to referendum approval by voters of the district. The referendum required to approve the ad valorem tax levy must be held in conjunction with the primary election held on September 5, 2006.

The bill is effective upon its approval by a majority vote of those qualified electors of Broward County voting in a referendum.

Governing Board Members and Elections

The governing board of the district is the “Broward County Council for Services for Seniors” (council). The council must consist of 11 members:

- the executive director of the area agency on aging of Broward County, or his or her designee who is a director of senior programs, as a permanent position;
- the Broward County Director of Human Services or his or her designee who is a director of elderly services, as a permanent position;
- one member of the Broward County Board of County Commissioners for a 2-year term;
- two nonvoting members of the Broward County legislative delegation appointed by the delegation chair for a 2-year term;
- two representatives of the Broward League of Cities for a 2-year term; and
- four members appointed by the Governor for 4-year terms, initially staggered, with reappointment for one additional term permitted, and meeting these additional qualifications –
 - these members must, to the greatest extent possible, represent the cultural diversity of Broward County's population;
 - one of these members must be a caretaker for a senior and 60 years of age or older;
 - these members must have been residents of Broward County for the previous 24-month period; and
 - the County must provide three recommended names for each vacancy, determined by category, and the Governor must make a selection within a 45-day period or request a new list of candidates.

The Governor may remove a member for cause or upon the written petition of the Broward County Board of County Commissioners. If any of the members of the council required to be appointed by the Governor resign, die, or are removed from office, the vacancy is filled by appointment by the Governor, using the same method as the original appointment, and such appointment to fill a vacancy shall be for the unexpired term of the person who resigns, dies, or is removed from office.

Members of the council shall serve without compensation, but are entitled to receive reimbursement for per diem and travel expenses consistent with s. 112.061, F.S.

² “senior” means a person who is at least 60 years of age. HB 971 at lines 58-59.

General Powers

The district council is given a number of permissive powers:

1. provide and maintain in the county such preventive, developmental, treatment, and rehabilitative services for seniors as the council determines are needed for their general welfare;
2. provide any other services as the council determines are needed for the general welfare of the county's seniors;
3. allocate and provide funds for other agencies in the county which are operated for the benefit of seniors;
4. collect information and statistical data and conduct research that will be helpful to the council and the county in deciding the needs of the county's seniors;
5. consult and coordinate with other agencies serving seniors to prevent overlapping of services;
6. seek grants from state, federal, and local agencies and accept donations from public and private sources;
7. lease or buy real estate, equipment, and personal property and construct buildings as needed to execute district powers and functions; such purchases must be paid for with cash on hand or secured by funds deposited in financial institutions; grant no authority to issue bonds; and
8. employ, pay, and provide benefits for required district personnel.

District Duties

The district council is also charged with a number of duties:

1. elect a chair and a vice chair from among its members, and elect other officers as deemed necessary by the council;
2. identify and assess the needs of the county's seniors and submit to the Broward County Commissioners a written description of:
 - o the activities, services, and opportunities that will be provided to seniors;
 - o the anticipated schedule for providing those activities, services, and opportunities;
 - o the manner in which seniors will be served, including a description of arrangements and agreements which will be made with community organizations, state and local educational agencies, federal agencies, public assistance agencies, the court system, guardianship groups, and other applicable public and private agencies and organizations;
 - o the special outreach efforts that will be undertaken to provide services to at-risk, abused, or neglected and ailing seniors;
 - o the manner in which the council will seek and provide funding for unmet needs; and
 - o the strategy that will be used for interagency coordination to maximize existing human and fiscal resources;
3. provide training and orientation to all new council members;
4. make and adopt bylaws and rules, not inconsistent with federal or state laws or county ordinances, for the council's operation; and
5. provide an annual written report, due January 1 of each year, to the Broward County Commissioners, which includes:
 - o information on the effectiveness of activities, services, and programs offered by the council, including cost-effectiveness;
 - o a detailed anticipated continuation budget and a list of all sources of requested funding, both public and private;
 - o procedures used for early identification of at-risk seniors who need additional or continued services and methods for ensuring receipt of those services;
 - o a description of the degree to which the council's objectives and activities are consistent with the goals of this section;
 - o detailed information of the various programs, services, and activities available to, and the degree to which they have been successfully used by seniors; and

- information on those programs, services, and activities that should be eliminated, those which should be continued, and those that should be added to the basic format of the council.

The council must also maintain minutes of each meeting, including a record of all votes cast, and make them available to any interested person.

Fiscal Matters and Millage Rates

The bill provides a number of financial and budgeting parameters for the districts:

- The fiscal year of the district is the same as that of Broward County.
- The council must prepare a tentative annual written budget of the district's expected income and expenditures, including a contingency fund.
- The council must also compute a proposed millage rate within the voter-approved cap necessary to fund the tentative budget and comply with the provisions of s. 200.065, F.S., relating to the method of fixing millage, and fix the final millage rate by resolution of the council.
- The adopted budget and final millage rate are then certified and delivered to the Broward County Commissioners within 15 days following the adoption by the council of the final budget and millage rate pursuant to ch. 200, F.S. The millage rate, adopted by resolution of the council, necessary to be applied to raise the funds budgeted for district operations and expenditures must be included in each certified budget.
- The millage rate may not exceed 0.5 mills of assessed valuation of all properties subject to ad valorem county taxes within Broward County.
- After the district budget is certified and delivered to the Broward County Commissioners, it may not be changed or modified by the Broward County Commissioners or any other authority.
- All taxes collected under this section shall be paid directly to the council by the Broward County Revenue Collection Division.
- All moneys received by the council must be deposited in qualified public depositories, as defined in s. 280.02, F.S., with separate and distinguishable accounts established specifically for the council and may only be withdrawn by checks signed by the council chair and countersigned by one other member of the council or by a chief executive officer authorized by the council.
- The chair and the other member of the council or chief executive officer who signs its checks must each file a surety bond in the sum of at least \$1,000 for each \$1 million or portion thereof of the council's annual budget, which bond shall be conditioned that each shall faithfully discharge the duties of his or her office. The premium on such bond may be paid by the district as part of the expenses of the council. No other council members have to give bond or other security.
- District funds may only be expended by check, except expenditures from a petty cash account not exceeding \$100. All expenditures from petty cash must be recorded. Council funds other than petty cash may not be spent unless first budgeted for and approved by the council.
- The district must timely prepare and file a quarterly financial report which includes: for the quarter --- total council expenditures and receipts; a statement of the funds on hand, invested, or deposited; and total council administrative costs.
- After or during the first year of operation of the council, the Broward County Commissioners, at its option, may fund in whole or in part the council budget from its own funds.

District Compliance with Other Statutory Requirements

The bill requires that the district created under this act must comply with all other statutory requirements of general application which relate to the filing of any financial reports or compliance reports required under part III of ch. 218, F.S., or any other report or documentation required by law, including the reporting requirements of ss. 189.415, 189.417, and 189.418, F.S.

Referendum

The bill takes effect upon approval by a majority vote of those qualified electors of Broward County voting in a referendum to be conducted by the Broward County Supervisor of Elections in conjunction with the next primary election held on September 5, 2006, in accordance with the provisions of law relating to elections currently in force. The bill also provides a ballot statement.

C. SECTION DIRECTORY:

Section 1: Provides for the creation, governing body, powers, duties, and functions of an independent special district to provide funding for services for seniors in Broward County.

Section 2: Provides for a referendum.

Section 3: Provides that the act shall take effect upon becoming a law, except for otherwise provided.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

Section 189.404(2)(e), F.S., provides as follows:

(2) SPECIAL ACTS PROHIBITED.--Pursuant to s. 11(a)(21), Art. III of the State Constitution, the Legislature hereby prohibits special laws or general laws of local application which:

(e) Create an independent special district for which a statement has not been submitted to the Legislature that documents the following:

1. The purpose of the proposed district;
2. The authority of the proposed district;
3. An explanation of why the district is the best alternative; and
4. A resolution or official statement of the governing body or an appropriate administrator of the local jurisdiction within which the proposed district is located stating that the creation of the proposed district is consistent with the approved local government plans of the local governing body and that the local government has no objection to the creation of the proposed district.

By letter to the Honorable Allan Bense, Speaker of the House of Representatives, Mr. Ben Graber, Mayor and Commissioner of District 3, Broward County, stated in part, "that the Broward County Board of County Commissioners is in support of the legislation. This local option legislation has been included in the Commission's Legislative Program for the 2006 Legislative Session. Mr. Graber states that one of the fastest growing populations in Broward are elders 85 years of age and older. As our population continue to live longer and wants to "age in place," greater levels of service delivery are required in order to accommodate multiple needs. We feel strongly that the voters should be given the choice to provide for a dedicated funding source that will enhance services in our local communities."

B. RULE-MAKING AUTHORITY:

This bill requires the district council to make and adopt bylaws and rules, not inconsistent with federal or state laws or county ordinances, for the council's guidance, operation, governance, and maintenance.

C. DRAFTING ISSUES OR OTHER COMMENTS:

Fiscal Comments

According to the Economic Impact Statement, it is estimated that the Broward County Council for Services for Seniors will be eligible to receive approximately \$4,000,000 in federal and foundation grants, for each year following the implementation of the funding.

Other Comments

HB 1501 (2005 Legislative Session), relating to Broward County, creating the Broward Council for Services to Seniors and Adults with Developmental Disabilities, died in the House Finance & Tax on 05/06/2005.

2006 ECONOMIC IMPACT STATEMENT

House policy requires that economic impact statements for local bills be prepared at the LOCAL LEVEL. This form should be used for such purposes. It is the policy of the House Community Affairs Committee that no bill will be considered by the Committee without an original Economic Impact Statement. This form must be completed whether or not there is an economic impact. If possible, this form must accompany the bill when filed with the Clerk for introduction. In the alternative, please submit it to the House Community Affairs Committee as soon as possible after the bill is filed.

BILL #: HB 971

SPONSOR (S): Representative Eleanor Sobel

RELATING TO: Broward County Council for Services for Seniors

I. ESTIMATED COST OF ADMINISTRATION, IMPLEMENTATION, AND ENFORCEMENT:

Expenditures: FY 05-06 FY 06-07

It is estimated that the cost of administration, implementation, and enforcement will not exceed 10% of revenues.

II. ANTICIPATED SOURCES (S) OF FUNDING:

FY 05-06 FY 06-07

Federal It is estimated that the Broward County Council for Services for Seniors will be eligible to receive approximately \$4,000,000 in federal and foundation grants, for each year following the implementation of the funding.

State

Local Revenue will be generated by an ad valorem levy of a maximum of 5 mills. In addition, it is expected that the Council will seek, as well as undertake, a coordinated effort to seek grants from federal sources as well as private foundations to supplement its revenues.

III ANTICIPATED NEW, INCREASED, OR DECREASED REVENUES:

		<u>FY 05-06</u>	<u>FY 06-07</u>
Revenues	The maximum amount will be		60,000,000
	.5 mills of ad valorem		(potential full year)

The revenue to be generated will be new revenue for the County. The amount will depend on property valuation and the amount levied as it is anticipated that the County would not necessarily levy the full .5 mill amount in its early years. Nevertheless, it is estimated that a full .5 mills will generate approximately \$60 million in new revenue to be used to provide critical services to seniors in the County.

IV ESTIMATED ECONOMIC IMPACT ON INDIVIDUALS, BUSINESS, OR GOVERNMENTS:

Advantages: New jobs in the home, health, and community based services; lessening of premature nursing home placement; potential for employment opportunities for seniors; lessening of waiting lists for critically important in-home and adult day care services; increase in home delivery and site meals.

Since over 135,000 of Broward's 351,929 year round senior residents are 75 years of age or older, frailty is a major factor in the augmenting need for community based services

Premature nursing home placement, for these individuals, would be far more costly to the community, if they were Medicaid eligible, or had depleted their own savings. In addition, it would be inhumane to force seniors into institutional settings, if they could be maintained, at reasonable costs, within their accustomed environments.

The availability of up to \$60 million of new money in the County to provide services will have a positive economic impact on business and government as services involve increased jobs, local spending by such employees at retail, automotive and other establishments. The resulting need for physical commercial space, vehicles, fuel, telecommunications etc. would generate additional secondary revenue for local government through augmented utilities, telecommunications, cable and comparable franchise revenues.

Disadvantages: If the maximum amount of ad valorem taxes were imposed (.5 mill), the cost to the owner of property valued at \$100,000 would be \$37.50 with a \$25,000 homestead exemption.

V ESTIMATED IMPACT UPON COMPETITION AND THE OPEN MARKET FOR EMPLOYMENT:

The Council will determine the extent of the need for specific services. Waiting lists for services are derived from our Senior Projects, through generated computer reports and other statistical data. Presently, over 2,000 elders in Broward County are on the waiting lists for in-home services. Broward Meals-on-Wheels also has waiting lists. Elder service recipients are receiving minimal hours of in-home assistance, sometimes only once weekly. We are in a crisis situation. If something positive does not occur soon, the results will be premature institutionalization and/or death.

The open market for employment will be stimulated by the need to hire professionals and workers at all levels in order to plan services and oversee providers, as well as deliver the multitude of critical services that would be funded. Competitive processes will be established to foster competition to provide services. Selection of proposed providers will be made by review committees to the Council Members, who, as a whole, will select the recipients and assure their being monitored.

36 referendum; providing a ballot statement; providing an
37 effective date.

38
39 WHEREAS, the Legislature has determined that it would
40 serve the public interest to establish an independent
41 special district to provide services to seniors within
42 Broward County, NOW, THEREFORE,

43
44 Be It Enacted by the Legislature of the State of Florida:

45
46 Section 1. Services for seniors; independent special
47 district; council; powers, duties, and functions.--

48 (1) There is hereby created an independent special
49 district, as defined in sections 189.403 and 200.001, Florida
50 Statutes, to provide funding for services for seniors throughout
51 Broward County in accordance with this act. The boundaries of
52 such district shall be coterminous with the boundaries of
53 Broward County. The district created pursuant to this act shall
54 levy and fix millage as provided in section 200.065, Florida
55 Statutes. Once the millage is approved by the electorate, the
56 district is not required to seek approval of the electorate in

57 future years to levy the previously approved millage. For
58 purposes of this section, the term "senior" means a person who
59 is at least 60 years of age.

60 (2) The governing board of the district shall be the
61 Broward County Council for Services for Seniors. The council
62 shall consist of 11 members, including the Executive Director of
63 the Area Agency on Aging of Broward County or his or her
64 designee who is a director of senior programs; the Broward
65 County Director of Human Services or his or her designee who is
66 a director of senior services; one member of the Broward County
67 Board of County Commissioners; two nonvoting members of the
68 Broward County Legislative Delegation appointed by the
69 delegation chair; and two representatives of the Broward League
70 of Cities appointed by the President of the League of Cities.
71 The Executive Director of the Area Agency on Aging of Broward
72 County or his or her designee and the Broward County Director of
73 Human Services or his or her designee are permanent positions.
74 The members appointed from the Broward County Board of County
75 Commissioners, the Broward County Legislative Delegation, and
76 the Broward League of Cities shall be appointed to 2-year terms
77 each. The other four members shall be appointed by the Governor
78 and shall represent, to the greatest extent possible, the
79 cultural diversity of Broward County's population. At least one
80 of the gubernatorial appointees must be an individual who is
81 both a caretaker for a senior and 60 years of age or older.
82 Recommendations for these members shall be provided by the
83 Broward County Board of County Commissioners. Three names shall
84 be submitted for each vacancy, determined by category. The

HB 971

2006

85 gubernatorial appointees shall be appointed to 4-year terms and
86 may be reappointed for one additional term of office. The
87 Governor shall make a selection within a 45-day period or
88 request a new list of candidates. All members appointed by the
89 Governor must have been residents of Broward County for the
90 previous 24 months. The length of the terms of the initial
91 appointees shall be adjusted to stagger the terms. The Governor
92 may remove a member for cause or upon the written petition of
93 the Broward County Board of County Commissioners. If any of the
94 members of the council appointed by the Governor resign, die, or
95 are removed from office, the vacancy shall be filled by
96 appointment by the Governor using the same method as the
97 original appointment, and such appointment to fill a vacancy
98 shall be for the unexpired term of the member who resigns, dies,
99 or is removed from office.

100 (3) (a) The Broward County Council for Services for Seniors
101 may:

102 1. Provide and maintain in the county the preventive,
103 developmental, treatment, and rehabilitative services for
104 seniors the council determines are needed for the general
105 welfare of seniors.

106 2. Provide any other services the council determines are
107 needed for the general welfare of seniors in the county.

108 3. Allocate and provide funds for other agencies in the
109 county that are operated for the benefit of seniors.

110 4. Collect information and statistical data and conduct
111 research and assessments that will be helpful to the council and
112 the county in deciding the needs of seniors in the county.

HB 971

2006

113 5. Consult and coordinate with other agencies dedicated to
114 the welfare of seniors to the end that the overlapping of
115 services will be prevented.

116 6. Seek grants from state, federal, and local agencies and
117 accept donations from public and private sources.

118 7. Lease or buy real estate, equipment, and personal
119 property and construct buildings as needed to execute the
120 foregoing powers and functions, except that such purchases or
121 construction may only be paid for with cash on hand or secured
122 by funds deposited in financial institutions. This subparagraph
123 does not authorize the district to issue bonds of any nature,
124 and the district does not have the power to require the
125 imposition of any bond by the governing body of the county.

126 8. Employ, pay, and provide benefits for any part-time or
127 full-time personnel needed to execute the foregoing powers and
128 functions.

129 (b) The Broward County Council for Services for Seniors
130 shall:

131 1. Immediately after the members are appointed, elect a
132 chair and vice chair from among its members and elect other
133 officers as deemed necessary by the council.

134 2. As soon as possible after the members are appointed and
135 officers are elected, identify and assess the needs of seniors
136 in the county and submit to the Broward County Board of County
137 Commissioners a written description of:

138 a. The activities, services, and opportunities that will
139 be provided to seniors.

140 b. The anticipated schedule for providing those

HB 971

2006

activities, services, and opportunities.

c. The manner in which seniors will be served, including a description of arrangements and agreements that will be made with community organizations, state and local agencies, federal agencies, public assistance agencies, the court system, guardianship groups, and other applicable public and private agencies and organizations.

d. The special outreach efforts that will be undertaken to provide services to at-risk, abused, or neglected and ailing seniors.

e. The manner in which the council will seek and provide funding for unmet needs.

f. The strategy that will be used for interagency coordination to maximize existing human and fiscal resources.

3. Provide training and orientation to all new members sufficient to allow them to perform their duties.

4. Make and adopt bylaws and rules for the council's guidance, operation, governance, and maintenance not inconsistent with federal or state laws or county ordinances.

5. Provide an annual written report, to be presented no later than January 1, to the Broward County Board of County Commissioners. The annual report must contain, but need not be limited to:

a. Information on the effectiveness of activities, services, and programs offered by the council, including cost-effectiveness.

b. A detailed anticipated budget for continuation of activities, services, and programs offered by the council and a

HB 971

2006

list of all sources of requested funding, both public and private.

c. Procedures used for early identification of at-risk seniors who need additional or continued services and methods for ensuring that the additional or continued services are provided.

d. A description of the degree to which the council's objectives and activities are consistent with the goals of this section.

e. Detailed data on the various programs, services, and activities available to seniors.

f. Information on programs, services, and activities that should be eliminated; programs, services, and activities that should be continued; and programs, services, and activities that should be added to the basic format of the council.

(c) The council shall maintain minutes of each meeting, including a record of all votes cast, and shall make such minutes available to any interested person.

(d) Members of the council shall serve without compensation but are entitled to receive reimbursement for per diem and travel expenses consistent with section 112.061, Florida Statutes.

(4) (a) The district shall maintain the same fiscal year as Broward County.

(b) On or before July 1 of each year, the council shall prepare a tentative annual written budget of the district's expected income and expenditures, including a contingency fund. The council shall, in addition, compute a proposed millage rate

197 within the voter-approved cap necessary to fund the tentative
198 budget and, prior to adopting a final budget, comply with
199 section 200.065, Florida Statutes, relating to the method of
200 fixing millage, and fix the final millage rate by resolution of
201 the council. The adopted budget and final millage rate must be
202 certified and delivered to the Broward County Board of County
203 Commissioners within 15 days following the council's adoption of
204 the final budget and millage rate under chapter 200, Florida
205 Statutes. Included in each certified budget shall be the millage
206 rate, adopted by resolution of the council, necessary to be
207 applied to raise the funds budgeted for district operations and
208 expenditures. District millage may not exceed 0.5 mills of
209 assessed valuation of all properties within Broward County that
210 are subject to ad valorem county taxes.

211 (c) After the budget of the district is certified and
212 delivered to the Broward County Board of County Commissioners,
213 the budget may not be changed or modified by the Broward County
214 Board of County Commissioners or any other authority.

215 (d) All taxes collected under this section, as soon after
216 collection as is reasonably practicable, shall be paid directly
217 to the council by the Broward County Revenue Collection
218 Division.

219 1. All moneys received by the council shall be deposited
220 in qualified public depositories, as defined in section 280.02,
221 Florida Statutes, with separate and distinguishable accounts
222 established specifically for the council and may be withdrawn
223 only by checks signed by the chair of the council and
224 countersigned by one other member of the council or by a chief

225 executive officer authorized by the council.

226 2. Upon entering the duties of office, the chair and the
227 other member of the council or chief executive officer who signs
228 its checks shall each file a surety bond in the sum of at least
229 \$1,000 for each \$1 million or portion thereof of the council's
230 annual budget, which bond shall be conditioned upon the faithful
231 discharge of the duties of his or her office. The premium on
232 such bond may be paid by the district as part of the expenses of
233 the council. Other members of the council may not be required to
234 give bond or other security.

235 3. Funds of the district may only be expended by check,
236 except expenditures from a petty cash account, which account may
237 not at any time exceed \$100. All expenditures from petty cash
238 must be recorded on the books and records of the council. Funds
239 of the council, except expenditures from petty cash, may not be
240 expended without prior approval of the council, in addition to
241 the budgeting thereof.

SUMMARY ANALYSIS

During the 2005 Legislative Session, the Northern Palm Beach County Improvement District (District) made significant changes to their charter in regards to the Board of Supervisors (Board). While making these changes, the District amended a section of their charter, and in doing so, removed a provision which requires a candidate for a position on the Board to provide a written notice of intention to be candidate at least 30 days before the annual meeting of the landowners.

This bill reinserts the requirement of a written notice of intention to be a candidate into the District's charter.

This bill would take effect upon becoming law.

According to the Economic Impact Statement, no fiscal impacts are anticipated for either fiscal year 2006-07 or 2007-08.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

The bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

The Northern Palm Beach Improvement District (District) is an independent special tax district of the State of Florida, located in Palm Beach County. The District's charter was codified in chapter 2000-467, L.O.F. At that time, s. 3(4), chapter 2000-467, L.O.F., contained the provisions regarding the Board of Supervisors (Board) and its election, organization, powers, duties, and terms of office. Section 3(4)(D), chapter 2000-467, L.O.F., required a candidate for the position of Supervisor, to file a written notice of intention of candidacy at least 30 days before the annual meeting of the landowners to be eligible to run.

During the 2005 Legislative Session, a number of changes were made to the charter of the District.¹ Changes were made in regards to the Board's election procedures, terms of office, and compensation of supervisors. Many of these changes took place in s. 3(4), chapter 2000-467, L.O.F. Section 3(4)(D), chapter 2000-467, L.O.F., was replaced with new ss. 3(4)(D), (E), and (F), chapter 2005-302, L.O.F. A summary of the current state of the Board is below:

- The Board consists of five seats.
- The terms of the Supervisors on the Board are four years.
- Three out of the five supervisors are chosen via one-acre, one vote process at the annual landowner meeting and the remaining two supervisors are popularly elected.
- Elections are staggered.
- There are residency requirements specific to each seat.

In making these changes, the written notice requirement for candidacy was deleted.

This bill reinserts the written notice requirement for candidacy. The bill requires that for a candidate to be eligible for the office of Supervisor, they must file a written notice of intention to be a candidate in the office of the District at least 30 days before the annual meeting of the landowners held in November of each year.

SUMMARY ANALYSIS

This bill amends the charter of the City of Jacksonville to expand the mayor's authority to transfer appropriations between City divisions, departments, agencies, or nondepartmental accounts if authorized to do so by ordinance adopted by 13 of the 19 members of the City Council. The bill requires the ordinance authorizing transfers to address:

- The type and manner of mayoral transfers that are permitted;
- Whether the council must be given prior notice of a proposed transfer; and
- Whether the council must be given an opportunity to override a proposed transfer within a specified timeframe and by a specified vote.

The ordinance may be repealed or modified upon concurrence of 13 members of the City Council.

According to the Economic Impact Statement, no fiscal impacts are anticipated in fiscal year 2005-06 or 2006-07.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

This bill does not implicate any of the House principles.

B. EFFECT OF PROPOSED CHANGES:

Current Situation

The City of Jacksonville and Duval County merged in 1968¹, creating a single consolidated government entity (City) governing all of Duval County with the exception of the beach communities (Atlantic Beach, Neptune Beach and Jacksonville Beach) and Baldwin. The City government operates under a mayor as head of the administrative branch and the City Council as the legislative branch.

Currently, the mayor of the City of Jacksonville (City) may transfer any amount appropriated to a City division within the division; however, the mayor may not transfer funds that were appropriated to one City division to another division, or transfer funds appropriated to a services district to any other services district.

Effect of Proposed Changes

This bill amends Section 14.03 of the City Charter to provide that the mayor may not transfer funds appropriated to a City division, department, agency or nondepartmental accounts to any other such division, department, agency, or nondepartmental account unless the City Council has adopted an ordinance, approved by at least 13 of the 19 members of the City Council, authorizing the mayor to make such transfers. Repeal or modification of the ordinance requires concurrence of at least 13 members of the City Council. An ordinance must specify:

- The type and manner of mayoral transfers that are permitted;
- Whether the council must be given prior notice of a proposed transfer; and
- Whether the council must be given an opportunity to override a proposed transfer within a specified timeframe and by a specified vote.

If the ordinance is consistent with the above standards, the ordinance is deemed a grant of additional powers to the executive branch that is not in violation of Section 4.01 of the City Charter. Section 4.01 of the Charter provides that "[t]he powers of the consolidated government shall be divided among the legislative, executive, and judicial branches of the consolidated government. No power belonging to one branch of the government shall be exercised by either of the other branches, except as expressly provided in this charter."

This bill does not affect transfers of funds appropriated to a services district.

C. SECTION DIRECTORY:

Section 1. Amends s. 14.03 of the City of Jacksonville charter to expand power of mayor to transfer funds subject to authorization by the City Council.

Section 2. Provides an effective date.

SUMMARY ANALYSIS

In 2005, the Florida Supreme Court concluded that, absent an express prohibition in law, a municipal agency has inherent authority to contract with a private party and enter into an indemnification agreement as part of the contract, and may not invoke sovereign immunity to defeat its obligations under the contract.

This bill amends the charter of the City of Jacksonville to prohibit the City or any independent agency of the City from agreeing to waive sovereign immunity for tortious conduct of the City or of any such independent agency beyond the limitations of the legislative waiver of sovereign immunity established in section 768.28, F.S.

The bill further provides that a contract of the City or any independent agency may not agree to indemnify, defend, or hold harmless another party for the tortious conduct of any party other than the city or the independent agency, respectively. Any contractual provision for an indebtedness or liability contracted for in violation of this provision is void and must be severed from the contract.

According to the Economic Impact Statement, this bill will not have a fiscal impact in fiscal years 2005-06 or 2006-07; however, enactment of the bill will "avoid limitless liability for the tortuous conduct of third parties."

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

This bill does not implicate any of the House principles.

B. EFFECT OF PROPOSED CHANGES:

Current Situation

The City of Jacksonville and Duval County merged in 1968¹, creating a single consolidated government entity (City) governing all of Duval County with the exception of the beach communities (Atlantic Beach, Neptune Beach and Jacksonville Beach) and Baldwin. The City government operates under a mayor as head of the administrative branch and a 19-member City Council as the legislative branch.

Municipal Home Rule Power

Florida's Constitution grants municipalities "governmental, corporate, and proprietary powers to enable them to conduct municipal government, perform municipal functions and render municipal services ... except as otherwise provided by law."² The Municipal Home Rule Powers Act recognizes these same powers of municipalities, limited only when "expressly prohibited by law."³ Given this broad grant of home rule power, the courts have held that municipalities may exercise any power for a municipal purpose "except when expressly prohibited by law."⁴

Municipalities have long possessed both the power to execute contracts and the concomitant liability for their breach.⁵ In executing contracts, municipalities are presumed to be acting within the broad scope of their authority.⁶ In 2005, the Florida Supreme Court concluded that, absent an express prohibition in law, a municipal agency has inherent authority to contract with a private party and enter into an indemnification agreement as part of the contract, and may not invoke sovereign immunity to defeat its obligations under the contract.⁷

Sovereign Immunity and Contractual Indemnification Clauses

The doctrine of sovereign immunity provides that a sovereign cannot be sued without its own permission. The doctrine was a part of the English common law when the State of Florida was founded and has been adopted and codified by the Legislature. Florida law has enunciated three policy considerations that underpin the doctrine of sovereign immunity: (1) preservation of the constitutional principle of separation of powers; (2) protection of the public treasury; and (3) maintenance of the orderly administration of government.⁸

Article X, s. 13 of the Florida Constitution authorizes the Legislature to waive the state's sovereign immunity, specifically providing that "[p]rovision may be made by general law for bringing suit against the state as to all liabilities now existing or hereafter originating." Thus, the courts have long held that only the Legislature has authority to enact a general law that waives the state's sovereign immunity,

and that any waiver must be strictly construed.⁹ Further, any waiver of sovereign immunity must be clear and unequivocal, and will not be found as a product of inference or implication.¹⁰

Pursuant to its constitutional authority, in 1973 the Legislature authorized a limited waiver of state sovereign immunity in tort for personal injury, wrongful death, and loss or injury of property through the enactment of s. 768.28, F.S.¹¹ Today, the state, counties, and municipalities are liable for tort claims in the same manner and to the same extent as a private individual under like circumstances subject to statutory limitations on the amount of liability.¹² Section 768.28(1), F.S., provides in pertinent part:

In accordance with s. 13, Art. X, State Constitution, the state, for itself and for its agencies or subdivisions, hereby waives sovereign immunity for liability for torts, but only to the extent specified in this act. Actions at law against the state or of any of its agencies or subdivisions to recover damages in tort for money damages against the state or its agencies or subdivisions for injury or loss of property, personal injury, or death caused by the negligent or wrongful act or omission of any employee of the agency or subdivision while acting within the scope of the employee's office or employment under circumstances in which the state or such agency or subdivision, if a private person, would be liable to the claimant, in accordance with the general laws of this state, may be prosecuted subject to the limitations specified in this act.

Under this statute, immunity is waived for "liability for torts" caused by "the negligent or wrongful act or omission of any employee of the agency or subdivision while acting within the scope of the employee's office or employment."¹³ Additionally, subsection (5) of the statute limits state liability to \$100,000 per claimant and \$200,000 per accident.¹⁴

American Home Assurance Co. v. Nat'l Railroad Passenger Corp.,

In July 2005, the Florida Supreme Court issued its decision in the case of *American Home Assurance Company v. National Railroad Passenger Corp.*, 908 So.2d 459 (Fla. 2005), in which the court considered whether an indemnification agreement made by a municipal agency, Kissimmee Utility Authority (KUA) with CSX Corporation, Inc. (CSX) was enforceable. The court concluded that the indemnification agreement was binding and enforceable, finding that a municipal agency like KUA has the inherent authority to contract with private parties and enter into an indemnification agreement as part of a contract with a private party and may not invoke sovereign immunity to defeat its obligations under the contract.

In order to improve access to a power plant, the KUA entered into a contract with CSX whereby CSX granted KUA license to build, use, and maintain a private road grade crossing over CSX's railroad tracts. In exchange for the license, KUA agreed to an indemnity provision in the contract under which KUA "assumes all liability for, and releases and agrees to defend, indemnify, protect and save [CSX] harmless" for all loss of or damage to property of CSX or third parties at the crossing or adjacent to it, all loss and damage on account of injury to or death of any person on the crossing, and all claims and liabilities for such loss and damage. The contractual obligation applied regardless of cause and even if the injury, death, or property damage is caused solely by the negligence of CSX. Further, the contractual obligation extended to "companies and other legal entities that control, are controlled by, are subsidiaries of, or are affiliated with [CSX], and their respective officers, agents and employees."

⁹ *Manatee County v. Town of Longboat Key*, 365 So.2d 143, 147 (Fla.1978).

¹⁰ *Rabideau v. State*, 409 So.2d 1045, 1046 (Fla.1982); *Spangler v. Fla. State Tpk. Auth.*, 106 So.2d 421, 424 (Fla.1958).

¹¹ See ch. 73-313, § 1, Laws of Fla.

¹² *American Home Assurance Company v. National Railroad Passenger Corp.*, 908 So.2d 459 (Fla. 2005); *Commercial Carrier Corp. v. Indian River County*, 371 So.2d 1010, 1022 (Fla.1979).

¹³ § 768.28(1), Fla. Stat. (1997); *American Home Assurance Co. v. Nat'l Railroad Passenger Corp.*, 908 So.2d 459 (Fla. 2005).

¹⁴ § 768.28(5).

In finding the indemnification clause binding and enforceable, the court reasoned that, by its plain language, s. 768.28, F.S., applies only to "*actions at law* against the state or any of its agencies or subdivisions *to recover damages in tort*."¹⁵ The court noted that the indemnification provision at issue in the case was based on a *contract* between KUA and CSX. As such, the court concluded that the statutory provision governing tort recovery actions was not applicable, and that the contract between KUA and CSX was not controlled by the restrictions on the waiver of sovereign immunity found in s. 768.28, F.S.

Further, the court reasoned that KUA possessed the authority of the City of Kissimmee to enter into contracts for municipal services, including the contract with CSX that contained the indemnification clause and which ensured access to the power plant. The court stated that the parties in the case failed to identify any law prohibiting KUA from executing the contract containing the indemnification provision. In fact, the court found that although KUA did not need an express statutory grant of authority to execute the contract in light of its broad home rule powers, s. 163.01, F.S., grants specific authority to KUA to contract with private parties regarding electrical projects.¹⁶

The court concluded that the contract requiring the KUA to indemnify CSX was not controlled by statutory restrictions on the waiver of sovereign immunity and was binding and enforceable against KUA.

Effect of Proposed Changes

This bill amends the charter of the City of Jacksonville contained in ch. 92-341, L.O.F., to prohibit the City or any independent agency of the City from agreeing to waive sovereign immunity for tortious conduct of the City or of any such independent agency beyond the limitations of the legislative waiver of sovereign immunity established in section 768.28, F.S. The City charter defines "independent agencies" as the Duval County School Board, the Jacksonville Port Authority, the Jacksonville Transportation Authority, the Jacksonville Electric Authority, the Jacksonville Downtown Development Authority, and the Jacksonville Police and Fire Pension Board of Trustees.¹⁷ This provision of the bill appears to be consistent with existing general law regarding legislative waivers of sovereign immunity, the Florida Constitution which requires legislative waiver of sovereign immunity, and case law interpreting the constitutional requirement.

In addition, the bill provides that a contract of the City or any independent agency may not agree to indemnify, defend, or hold harmless another party for the tortious conduct of any party other than the city or the independent agency, respectively. Any contractual provision for an indebtedness or liability contracted for in violation of this provision is void and must be severed from the contract.

Lastly, the bill provides that it is effective upon becoming law, and does not contain explicit expression of a legislative intent to apply the provisions retroactively. It is a well-established rule of construction that, in the absence of clear legislative intent to the contrary, a law is presumed to act prospectively only.¹⁸ The basis for retrospective interpretation must be unequivocal and leave no doubt as the legislative intent.¹⁹ Therefore, the courts may consider the provisions of the bill applicable only to contracts entered into on or after this bill's effective date.

City of Treasure Island*, 796 So.2d 481, 486 (Fla.2001) (concluding that section 768.28 "applies only when the governmental entity is being sued in tort"; thus, limitations of section 768.28 did not apply to restrict award of damages against governmental entity for the erroneous issuance of a temporary injunction).

¹⁶ Section 163.01, F.S., expressly authorizes public agencies to contract with private parties regarding electrical projects.

- Section 1. Amends the City of Jacksonville charter in ch. 92.341, L.O.F., prohibiting waiver of sovereign immunity and limiting the City's authority to execute certain contractual indemnification agreements.
- Section 2. Provides that the bill is effective upon becoming a law.

III. COMMENTS

- A. CONSTITUTIONAL ISSUES: Article X, section 13 of the Florida Constitution provides that "[p]rovision may be made by general law for bringing suit against the state as to all liabilities now existing or hereafter originating." Based upon this section, it may be argued that a general bill must be enacted, rather than a local bill, to limit the City's authority to contractually agree to indemnify third parties for the tortious conduct of any party other than the city or an independent agency of the City. On the other hand, the bill may be characterized not as a law regarding bringing suit against the state but as a law expressly limiting the City's inherent authority to contract.
- B. RULE-MAKING AUTHORITY: Rule-making authority is not addressed in this local bill.
- C. DRAFTING ISSUES OR OTHER COMMENTS: None.

SUMMARY ANALYSIS

HB 1081 amends ch. 98-462, L.O.F., to provide that all work done under the provisions of the district's charter will be under the supervision of a person determined qualified to administer the programs by the district board. Currently, the law requires such work to be done under the supervision of a competent, professional engineer employed by the district board.

According to the Economic Impact Statement, no fiscal impacts are anticipated for either fiscal year 2006-07 or 2007-08.

B. EFFECT OF PROPOSED CHANGES:

Present Situation

The District was created in 1961 by ch. 61-2404, L.O.F., providing aquatic weed control throughout all of Lee County, Florida. The District provides for an *engineer as the director* whose duty is to supervise maintenance and construction work performed under the current provisions of the law. The Board may also directly have work performed with or without a contract and with or without advertisement.

The bill amends ch. 98-462, L.O.F., to provide that all work done under the provisions of the district's charter will be under the supervision of a *person determined qualified* to administer the programs by the district board.

C. SECTION DIRECTORY:

Section 1. Amends s. 12 of ch. 98-42, L.O.F., provides that all work done under the provisions of the district's charter will be under the supervision of a person determined qualified by the district board instead of an engineer.

Section 2. Provides that the bill takes effect upon becoming a law.

SUMMARY ANALYSIS

HB 1085 repeals an obsolete special law authorizing a 1998 referendum which provided for changing the membership of the Hillsborough County School Board to consist of seven members, with five members elected from single-member residence areas and two members elected from the county at large. Previously, the first five members were elected by a county-wide vote. The bill also contained transition language that phased in the new single member districts.

This bill provides that consistent with this referendum, and with the consent of the United States Department of Justice, Civil Rights Division, the governing body of the District School Board of Hillsborough County shall consist of seven members. The single-member residence areas are to be reapportioned by the district school board by resolution, in consultation with the county supervisor of elections, in the odd-numbered year immediately following each decennial census, and applied to the election held the following year. The bill also states that the election of district school board members shall be conducted in accordance with general law.

According to the Economic Impact Statement, this bill will have no fiscal impact.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

This bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Present Situation

Constitutional Provision/School Districts

Section 4(a), Art. IX of the State Constitution, **School districts; school boards.**—provides:

Each county shall constitute a school district; provided, two or more contiguous counties, upon vote of the electors of each county pursuant to law, may be combined into one school district. In each school district there shall be a school board composed of five or more members chosen by vote of the electors for appropriately staggered terms of four years, as provided by law.

Statutory Provisions/School Districts

Section 1001.36, F.S., **District school board member residence areas.**— provides:

(1) For the purpose of electing district school board members, each district shall be divided into at least five district school board member residence areas, which shall be numbered one to five, inclusive, and which shall, as nearly as practicable, be equal in population.

(a) For those school districts, which have seven district school board members, the district may be divided into five district school board member residence areas, with two district school board members elected at large, or the district may be divided into seven district school board member residence areas. In the latter case, the residence areas shall be numbered one to seven inclusive and shall be equal in population as nearly as practicable.

(b) For those school districts which have seven district school board members, the number of district school board member residence areas shall be determined by resolution passed by a majority vote of the district school board.

(2) Any district school board may make any change that it deems necessary in the boundaries of any district school board member residence area at any meeting of the district school board, provided that such changes shall be made only in odd-numbered years and that no change that would affect the residence qualifications of any incumbent member shall disqualify such incumbent member during the term for which he or she is elected.

(3) Such changes in boundaries shall be shown by resolutions spread upon the minutes of the district school board, shall be recorded in the office of the clerk of the circuit court, and shall be published at least once in a newspaper published in the district within 30 days after the adoption of the resolution, or, if there be no newspaper published in the district, shall be posted at the county courthouse door for 4 weeks thereafter. A certified copy of this resolution shall be transmitted to the Department of State.

Section 1001.361, F.S., **Election of board by districtwide vote.**—provides:

Notwithstanding any provision of local law or any county charter, the election of members of the district school board shall be by vote of the qualified electors of the entire district in a nonpartisan election as

provided in chapter 105. Each candidate for district school board member shall, at the time she or he qualifies, be a resident of the district school board member residence area from which the candidate seeks election. Each candidate who qualifies to have her or his name placed on the ballot shall be listed according to the district school board member residence area in which she or he resides. Each qualified elector of the district shall be entitled to vote for one candidate from each district school board member residence area. The candidate from each district school board member residence area who receives the highest number of votes in the general election shall be elected to the district school board.

Effect of Proposed Changes

In 1998, the Legislature passed a special act (ch. 98-465, L.O.F.) authorizing a referendum which provided for changing the membership of the Hillsborough County School Board to consist of seven members, with five members elected from single-member residence areas and two members elected from the county at large. Previously, the first five members were elected by a county-wide vote. The bill also contained transition language that phased in the new single member districts.

HB 1085 repeals this obsolete special law, and provides that consistent with the referendum held in Hillsborough County on November 3, 1998, and with the consent of the United States Department of Justice, Civil Rights Division,¹ dated January 24, 2000, the governing body of the District School Board of Hillsborough County shall consist of seven members, five of whom are elected from single-member residence areas (designated as Districts 1, 2, 3, 4 and 5) and two of whom are elected from the district at large. The single-member residence areas are to be reapportioned by the district school board by resolution, in consultation with the county supervisor of elections, in the odd-numbered year immediately following each decennial census in accordance with s.1001.36(2), F.S., and applied to the election held the following year. The bill also states that the election of members of the district school board shall be conducted in accordance with general law.

The bill takes effect upon becoming a law.

C. SECTION DIRECTORY:

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

CONSTITUTIONAL PROHIBITED SUBJECTS/SCHOOL BOARD MEMBERS

Section 11, Art. III of the State Constitution lists a number of subjects which may not be addressed in a special act or general bill of local application. This list includes prohibitions on such bills which involve the:

election, jurisdiction or duties of officers, except officers of municipalities, chartered counties, special districts or local governmental agencies. See, s. 11(1), Art. III of the State Constitution.

In Kane v. Robbins, 556 So.2d 1381 (Fla. 1989), the Florida Supreme Court ruled that this prohibition included local bills or general bills of local application pertaining to the election of school board members, and held invalid a special act providing for school board members in Martin County to be elected on a nonpartisan basis.

However, in School Board of Palm Beach County v. Winchester, 565 So.2d 1350 (Fla. 1990), the Court ruled that s. 11(a) 1, Art. III, of the State Constitution did not apply to charter counties. The Court upheld a special act providing for the nonpartisan election of Palm Beach County School Board members, even though the act was passed several years before Palm Beach County became a charter county.

Hillsborough County is a charter county.

SUMMARY ANALYSIS

The Key Largo Wastewater Treatment District is currently authorized to impose fees, rental, and other charges for the use of any wastewater management system facilities. If a property owner fails to timely pay any such charge, the District is authorized to impose penalties and interest, discontinue service, and recover delinquent charges in a court of competent jurisdiction.

This bill provides that delinquent fees, rentals, or other charges, together with interest, penalties, and charges for shutting off, discontinuing, and restoring such services, and reasonable attorneys' fees and other expenses constitute a lien, subject to the limitations in s. 4, Art. X of the State Constitution, on the real property against which such fees, rentals, or other charges were assessed, coequal with any lien of state, county, or municipal taxes and superior and paramount to all other liens, titles, and claims against such property. The District retains all current authority to collect delinquent fees, rentals, or other charges. Imposition of liens and foreclosure of such liens against homestead and exempt personal property may be limited by s. 4, Art. X of the State Constitution depending upon whether the fees, rentals, or other charges imposed by the District are considered "assessments" for purposes of the constitutional limitation.¹

According to the Economic Impact Statement, this bill will not have fiscal impact in FY 06-07 or FY 07-08.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Promote Personal Responsibility - This bill authorizes imposition of a lien against property if the owner of the property fails to timely pay fees, rentals, or other charges lawfully imposed by the District.

B. EFFECT OF PROPOSED CHANGES:

Current Situation

Key Largo Wastewater Treatment District

The Key Largo Wastewater Treatment District (District) was created by the Legislature in 2002² as an independent special district to construct and operate facilities for the collection and treatment of wastewater in an area within Monroe County consisting of all lands east of Tavernier Creek, including Key Largo and Cross Key, with the exception of Ocean Reef. The District is authorized to exercise all powers within its boundaries for the collection and treatment of wastewater formerly exercised by the Florida Keys Aqueduct Authority pursuant to ch. 76-441, L.O.F., as amended.

The District is authorized by its charter³ to fix and collect rates, rentals, fees, and charges for the use of any wastewater management system facilities. The District may provide for reasonable penalties against any user for any such rates, fees, rentals, or other charges that are delinquent. In the event that such delinquency occurs and such fees, rentals, or other charges are not paid and remain delinquent for 30 days or more, the district may discontinue and shut off services until such fees, rentals, or other charges, including interest, penalties, and charges for shutting off, discontinuing, and restoring such services, are fully paid. The District may enter on lands, waters, and premises of any person, firm, corporation, or other body for the purpose of discontinuing and shutting off services under such circumstances. Further, such delinquent fees, rentals, or other charges, together with interest, penalties, and charges for shutting off, discontinuing, and restoring such services, and reasonable attorneys' fees and other expenses may be recovered by the District by suit in any court of competent jurisdiction. The District may also enforce payment by any other lawful method of enforcement.

Liens Against Property Generally

Article X, section 4 of the State Constitution provides in pertinent part as follows:

(a) There shall be exempt from forced sale under process of any court, and no judgment, decree or execution shall be a lien thereon, except for the payment of taxes and assessments thereon, obligations contracted for the purchase, improvement or repair thereof, or obligations contracted for house, field or other labor performed on the realty, the following property owned by a natural person:

(1) a homestead, if located outside a municipality, to the extent of one hundred sixty acres of contiguous land and improvements thereon, which shall not be reduced without the owner's consent by reason of subsequent inclusion in a municipality; or if located within a municipality, to the extent of one-half acre of contiguous land, upon which the exemption shall be limited to the residence of the owner or the owner's family;

(2) personal property to the value of one thousand dollars.

(b) These exemptions shall inure to the surviving spouse or heirs of the owner.

² Ch. 2002-337, L.O.F.

³ Ch. 2002-337, L.O.F., Section 4(2)(j) of Section 1.

Under this provision of the Constitution, a debtor's homestead and personal property is exempt from forced sale under process of any court, and no judgment, decree, or execution will constitute a lien on the property, except for the payment of taxes and assessments, obligations contracted for the purchase, improvement, or repair thereof, or obligations contracted for the house or field, or other labor performed on the realty.⁴

Chapter 222, F.S., provides procedures for homeowners and personal property owners who wish to avail themselves of the constitutional and statutory exemption from forced sale and provides judicial procedures for determining qualification for the exemptions.

Effect of Proposed Changes

This bill provides that delinquent fees, rentals, or other charges, together with interest, penalties, and charges for shutting off, discontinuing, and restoring such services, and reasonable attorneys' fees and other expenses constitute a lien, subject to the limitations in s. 4, Art. X of the State Constitution, on the real property against which such fees, rentals, or other charges were assessed, coequal with any lien of state, county, or municipal taxes and superior and paramount to all other liens, titles, and claims against such property. The District retains all current authority to collect delinquent fees, rentals, or other charges.

Imposition of liens and foreclosure of such liens against homestead and exempt personal property may be limited by s. 4, Art. X of the State Constitution depending upon whether the fees, rentals, or other charges imposed by the District are considered "assessments" for purposes of the constitutional limitation.⁵

C. SECTION DIRECTORY:

Section 1. Amends ch. 2002-337, L.O.F., to authorize imposition of liens against the real property against which delinquent fees, rentals or other charges were assessed.

HB 1133

2006

A bill to be entitled
An act relating to Key Largo Wastewater Treatment
District, Monroe County; amending chapter 2002-337, Laws
of Florida; providing for liens against real property
under certain circumstances involving delinquent fees,
rentals, or other charges; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (j) of subsection (2) of section 4 of
section 1 of chapter 2002-337, Laws of Florida, is amended to
read:

Section 4. District powers, functions, and duties.--

(2) The district is hereby authorized and empowered:

(j) To fix and collect rates, rentals, fees, and charges
for the use of any wastewater management system facilities. The
district may provide for reasonable penalties against any user
for any such rates, fees, rentals, or other charges that are
delinquent. In the event that such delinquency occurs and such
fees, rentals, or other charges are not paid and remain
delinquent for 30 days or more, the district may discontinue and
shut off services until such fees, rentals, or other charges,
including interest, penalties, and charges for shutting off,
discontinuing, and restoring such services, are fully paid. The
district may enter on lands, waters, and premises of any person,
firm, corporation, or other body for the purpose of
discontinuing and shutting off services under such
circumstances. Further, such delinquent fees, rentals, or other

SUMMARY ANALYSIS

Collier County (County) is a non-charter county. The County only has the powers of self-government as provided in general or special law. Special law has given the County's board of county commissioners the power to designate employees of the County's Department of Parks and Recreation as county park enforcement officers (park rangers). Park rangers have the authority to issue citations for violations of County ordinances in county parks, public beaches, beach access areas adjacent to county parks, county operated parking facilities, and public areas immediately adjacent to county parks. Currently, violators who are issued a citation must either pay the fine and waive court appearance, or appear before the county court.

General law gives counties and municipalities the authority to establish administrative boards (or special magistrates) with authority to impose administrative fines and other non criminal penalties.

This bill requires violators of County ordinances, in areas under the jurisdiction of the County park rangers, who receive citations, to appear before a Code Enforcement Special Master.

This bill would take effect upon becoming law.

According the Economic Impact Statement, Collier County expects an increase of \$16,000 in revenue in fiscal year 2007-08.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

Provide Limited Government: This bill grants the Enforcement Code Special Master authority over violations of the Collier County Ordinances under specific circumstances.

B. EFFECT OF PROPOSED CHANGES:

Non-charter Counties

Collier County (County) is a non-charter county. Counties not operating under a county charter only have the powers of self-government provided in general or special law. The board of county commissioners of a non-charter county may enact county ordinances not inconsistent with general or special law. If a county ordinance conflicts with a municipal ordinance, the county ordinance is not effective within the municipality to the extent of the conflict. Section 125.01, F.S., is a general law grant of expansive home rule authority to all Florida counties. All counties have the home rule authority to enact ordinances for any public purpose, absent preemption by the Legislature.

In 1989, Collier County received authority to authorize its Board of County Commissioners (Board) to designate employees of the County's Department of Parks and Recreation as county park enforcement officers (park rangers).¹ Park rangers were given the authority to issue citations within the boundaries of any of the County's parks for violations of County ordinances, or provisions of special acts, and regulating acts within county parks. The form of the citations is prescribed by the Board, but must include the following:

- Date and time of issuance.
- Name and address of the person in violation.
- The date of the violation.
- Description of the violation.
- The County ordinance and section violated.
- Name of citing park ranger.
- A date and time at which the violator shall appear in county court.

If issued a citation, a violator had a mandatory court appearance in the county court.

Chapter 97-347, L.O.F., made amendments to chapter 89-449, L.O.F., in regards to areas in which park rangers could regulate activities. It increased the area from county parks to include public beaches, beach access areas adjacent to county parks, county operated parking facilities, and public areas immediately adjacent to county parks. The amendment also gave violators the option to elect to pay the fine and not appear in court.

Administrative boards are provided for in general law, chapter 162, F.S. Section 162.03, F.S., allows charter or non-charter counties to adopt an alternate code enforcement system by ordinance. The code enforcement boards and/or special magistrates designated by the local governing body are authorized to hold hearing and assess fines against violations of the respective municipal or county codes and ordinances. Neither a member of a code enforcement board or a special magistrate can initiate enforcement proceedings. At the conclusion of a hearing, the enforcement board or special magistrate is required to issue findings of fact, based on evidence of record and conclusions of law, and

¹ Chapter 89-449, L.O.F.

issue an order affording proper relief. An aggrieved party may appeal a final administrative order of an enforcement board to the circuit court.²

Collier County has created a Code Enforcement Board (Enforcement Board) to provide an administrative alternative to judicial hearings. The Enforcement Board is comprised of seven members and two alternates. The Enforcement Board hears evidence from Code Enforcement, the alleged violator, and witnesses. If the Enforcement Board determines the accused committed a violation, the enforcement option used is dependent upon the degree and severity of the violation.³

Effect of Bill

This bill changes the forum in which a violator would appear. Instead of electing to appear before a county court, this bill provides for appearance before the Collier County Code Enforcement Special Master. Because this is an administrative proceeding in a non-charter county, the proceedings will have to follow the rule in chapter 162, F.S., and County ordinances, to the extent they are not inconsistent with general law.

C. SECTION DIRECTORY:

Section 1: Section 4 of chapter 89-449, L.O.F., as amended by chapter 97-347, L.O.F., is amended to give judicatory authority to Collier County Code Enforcement Special Master.

Section 2: Provides an effective date of upon becoming law.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

Access To Courts

Article I, section 21 of the Florida Constitution provides "The courts shall be open to every person for redress of any injury, and justice shall not be administered without sale, denial, or delay." Where citizens have enjoyed a historical right of access, the Legislature can only eliminate a judicial remedy in two circumstances: Valid Public Purpose Coupled with a Reasonable Alternative and/or Overriding Public Necessity.

The Florida Legislature has chosen to allow counties and municipalities to allow administrative boards to have the authority to impose administrative fines and other non-criminal penalties with the goal of promoting, protecting, and improving the health, safety, and welfare of the citizens of the state. This asserts both a public purpose and reasonable alternative.

SUMMARY ANALYSIS

This bill extends the expiration date of the Manatee County Fire Prevention Code Enforcement Board and the Manatee County Fire Marshal Appeals Board by extending the repeal date of the original special act from July 1, 2006 to July 1, 2011.

According to the Economic Impact Statement, no fiscal impacts are anticipated for either fiscal year 2006-07 or 2007-08.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

The bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Present Situation

The Manatee County Fire Prevention Code Enforcement Board and the Manatee County Fire Marshal Appeals Board were created in 1985 with the passage of ch. 85-461, L.O.F. The Fire Prevention Code Enforcement Board has the exclusive authority to enforce the fire codes of the fire control districts within the county. The Fire Marshal Appeals Board hears appeals from the decisions of the fire marshals of the fire district within the county. The Enforcement Board's and the Appeals Board's annual budgets are derived from a percentage of the fire districts' budgets in the county. Both of these boards are scheduled to be repealed on July 1, 2006.

Effect of Proposed Changes

This bill extends the expiration date of the Manatee County Fire Prevention Code Enforcement Board and the Manatee County Fire Marshal Appeals Board by extending the repeal date of the original special act from July 1, 2006 to July 1, 2011.

C. SECTION DIRECTORY:
